## Message

Dear Alumni,

Let us thank Almighty God for bringing us all together on the pages of this Alumni directory. It is not the names and addresses but the memories that will lit up when we recall them that will be our most precious treasures. These follow feeling will permit us to bridge the gap of time and space. As our universe of brotherhood is expanding enough pages will be left for the coming generations to fill up and add their own memories. Thus some will shine brightly While others will fade away, having given their best for making the present worth living. Just as in nature each form of life sacrifices so that others may live.

I must profess that it is small beginning and we need to know more about each other. Starting from old graduates, we have entered vows of love, marriage and brought up families who form inseparable part of our being. These fruits of our growth are our own. Let us also include them and develop into 'who's who' directory.

If life has a purpose, the same must be projected through these pages. Our contribution to knowledge both material and spiritual, to social organisations and to improving our cultural social and economic environment must find place in these pages. This may seem a tremendous task, but if each man performs his duty, and discharge his obligations to others, the time spent will shrink to only hours and minutes. I am sure we hold this project in high esteem to do that. The contribution of professor Surinderbir Singh and Professor Gulab Singh Grewal of Old Boys' Association and Rajinder Singh Dhaliwal and Satwant Singh Deol of Overseas Alumni Association needs special mention as we all are indebted to their pioneering efforts. I am sure this torch thus lit will be held up by all of us.

13.4.1984

PRITPAL SINGH GREWAL  
Principal  
Guru Nanak Engineering College,  
Ludhiana-141006.

## Message

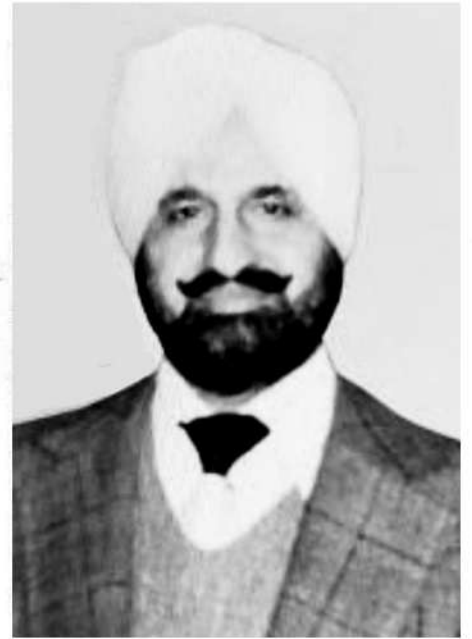

I am extremely glad to learn that the Genco Alumni Council is publishing a directory showing names and addresses of the past students of the college. This directory will be very useful not only to the past students of the college but also to the present and future students. This directory will enable them to contact the old students who will gladly welcome them and try to help them for securing employment and in other matters.

I offer my blessings and heartiest good wishes on the publication of this directory.

**TARA SINGH**  
Founder Ex-Principal  
Guru Nanak Engineering College, Ludhiana.

## Message

Having been associated with the management of Guru Nanak Engineering College, Ludhiana for over two decades, it is my proud privilege to convey my deep sense of satisfaction over the spectacular success of our students both in the National and International arena of Engineering profession. This institution is proud of being the solitary such institution which keeps its doors open to the real sons of the soil. We are equally proud of such sons who, by dint of their hard labour, honest professional ethics and with the blessings of Guru Nanak, have competed with distinguished engineers in foreign lands and have risen head and shoulders above them within a span of a couple of decades. If there is any institution on the surface of the Globe with a motto of simple living and high thinking being put into practice, it is this institution. GENCO ALUMNI are the glittering rays of this Sun of Engineering knowledge scattered all over the Globe. Our hearts are with them where-ever they are and what-ever they are. We have every reason to hope that our students and members of GENCO ALUMNI will put in a still more determined effort for the perfection of professional skill to make known this institution as the 'NALINDA' of Engineering knowledge.

MEWA SINGH GILL

Member

Managing Committee & Trust

Guru Nanak Engineering College, Ludhiana.

Ludhiana,

## *Editorial Message*

Guru Nanak Engineering College Ludhiana - a unique institution in the country - our almatamater, has come of age. The Genco Alumni family too has grown in size as well as in stature. The size of Genco Alumni is about to touch the four thousand mark. Our alumni are serving not in every nook and corner of India but also in many countries around the globe. Our alumni are rubbing shoulders with the professionals of the highly advanced countries like U. S. A., U. K. CANADA, etc.

It is a matter of great pride for the almatamater as well as the alumni family that our alumni have done well in their professional careers. Thus the alumni have brought glory to themselves as well as to the almatamater. This achievement of our alumni is due to the existence of this unique Institution.

The sapling planted by the great visionaries and social leaders three decades ago has now grown into a big tree and the fragrance of its flowers has spread far and wide. This unique institution is not just another engineering college, it is a social revolution in its own humble way. It has come to the help of the deprived, neglected and under-privileged sections of the society in their unequal fight for higher education in competition with the more fortunate and privileged classes. The qualities of fighting spirit, competitiveness, courage, hard work, humbleness, dedication to duty and service of the masses are ingrained in the nature of our alumni because of their background and the type of social milieu they belong to. These make this institution as well as its alumni unique. Against this background, it is easy to understand the feelings of warmth and togetherness that exists amongst the alumni and between the alumni and the College.

In order to consolidate this feeling of togetherness, our alumni formed Overseas Alumni Association of Genco (OAA Genco) in U.S.A. and Canada in early seventies. Soon after, the association known as Genco Alumni was formed in India with its headquarters at

Guru Nanak Engineering College. The OAA has been working quite consistently its since inception. The OAA brings out a quarterly newsletter and have also prepared a directory of our overseas alumni. A part of OAA Directory which was received by us, has also been included here. The OAA has served a useful platform for our alumni and is a vital link between the overseas alumni and the College. We are grateful to the OAA for giving the lead.

The Genco Alumni Association was formed with the main objective of restoring close links amongst the alumni and between the alumni and the College. From the beginning an urgent need was felt for preparing a directory of all past students of the College. This project was formally undertaken by Prof. Surinderbir Singh, the then Secretary, in 1979. A lot of spade work was done by him and addresses of a large number of past students were collected. Every now and then a large number of addresses became obsolete because of transfers, promotions and changes in the jobs. In the first instance an attempt was made to give the latest addresses of all the alumni. But this proved to be a mirage illusion. Hence a delayed but realistic decision was taken to publish the addresses as they are. Let a beginning be made. Hence the present Directory.

I have no hesitation to admit that many of the addresses published here may not be valid now. There may be mistakes of some other types which may have crept in inadvertently. We offer, in anticipation, our regrets for such lapses. But we shall be grateful to you for writing to us about all the wrong entries and the shortcomings in the present Directory. The revision of the Directory will hereafter be a continuous process. **But now the onus for the correct address entry lies with the individual alumni.** Please keep us informed regularly about the latest addresses in respect of yourself and other alumni around you. We are not overly worried about wrong address entries in the Directory because we feel that a wrong entry will more urgently prompt you to send a correct address. No body likes wrong entry against his name. It is proposed to revise the Directory within two years. Therefore please ensure that your correct address is with us always.

To consolidate our link with our almamater and to enable our alumni to pay back their debt to the Institution, we make a call and an earnest appeal to the alumni who are well placed and hold influential positions, to help our outgoing students in finding suitable jobs. In order to achieve this objective please persuade the outside firms to hold in-campus interviews in the College. If you are in a position to help recruitment programme please don't hesitate to write directly to the Principal or the Secretary Genco Alumni Association.

It has been felt since long that the Alumni Association should have an entity of its own in the College i.e. Alumni Home. The College Trust has very kindly agreed to provide a site for the same in the campus. The converging consensus is to build a double-storey building. The ground floor should house an office complex and a seminar hall and first floor should have two suites. We solicit concrete proposals regarding layout and architectural design of the building and methods of funding. Suggestions are welcome.

The Genco Alumni Newsletter which was discontinued some time back will resume its publication shortly. We intend to include in every issue an item entitled "Genco Glaxay" which will include the life sketches of some of our outstanding alumni. Those alumni who have excelled in their professional career, have achieved national or international recognition/award/degree/postion, have worked on a project of great importance anywhere in the world should write to us for inclusion of their names under "Genco Glaxay". They should supply their recent photographs, detail of achievements, brief details of family members, etc. Newsletter will also include sponsored items giving news regarding alumni marriages, births, deaths and matrimonials etc.

The directory could not have seen the light of the day without the deep involvement and dedicated team work of an inspired alumni team. Though it is only a humble beginning, still it turned out to be mammoth task. There were four main tasks — collecting addresses, compiling information in central registers, the printing and typing work supervision, and collecting the required funds.

We acknowledge our gratitude for the contribution of Prof. Malwinderjit Singh and Prof. Surinderbir Singh in supplying us information regarding whereabouts of the the alumni. In fact we have largely made use of the information painstakingly gathered by them over a span of many years.

The other three tasks were entirely entrusted to a very dedicated team of our students under the inspiring and able leadership of Amardeep Singh and Bikram Singh Gill—both final year mechanical students. Without their untiring efforts and willing co-operation, it is difficult to imagine that a task of such a magnitude could be undertaken. The response of students was always overwhelming—be it compiling records or raising funds. We are proud of them. As a token of gratitude, all members of the students' task force were awarded medals at a function in the College.

The Genco Alumni insignia has been selected, as it appears on the title cover. It is also proposed to adopt a 'College Theme Song' on the lines of the national anthem. The poets amongst our alumni are invited to send us lyrical songs, in Punjabi language, eulogising the various aspects of the College, for the selection of the college theme song.

Some of our alumni and faculty and members have departed from us and left for their heavenly abodes. They are gone but not the least forgotten. We share the grief of the family members of the departed souls.

We hope and pray for the ਚੜ੍ਹਦੀ ਕਲਾ of our alumni and the almamater.

6th. JUNE 1984

**GULAB SINGH GREWAL**  
*Secretary*  
**GENCO Alumni Association**  
**GURU NANAK Engg. College**  
**LUDHIANA.**

# from the students' desk

*It is a dream come true !*

Whenever we visit outside firms, engineering departments and offices where our elder brothers, Genco Alumni, are working we are always received with great warmth, and affection. We felt we were basking in the glory of the Genco Alumni sunshine. There is a distinct Genconian spirit. We are proud to belong to this illustrious family.

The present Directory will give us important information regarding so many of our predecessors. It would be extremely useful to the outgoing students to get guidance and help to start a new career. So when the opportunity came to do something for our alumni body, we took it to be a privilege and were simply happy to do it. This project, started under the inspiring guidance of Prof. Gulab Singh Grewal, generated lot of enthusiasm among students and everybody was eager to contribute.

In this project we received lot of encouragement and information from many persons notably from Prof. Surinderbir Singh and Prof. & Mrs. Malwinderjit Singh. We are highly grateful to them.

We make an earnest appeal to our elder brothers who are holding high offices and positions of importance to help our outgoing students in their placement.

May the 'Genco Sun' shine higher and brighter.

With Genconian regards.

**Amardeep Singh**  
**Bikram Singh Gill**  
**Darshan Singh**  
And all other Members  
of the Team.
