

First formal meeting of GENCO 68 held on 19th May, 2017 at the Alumni Home,
GURU NANAK DEV ENGINEERING COLLEGE, LUDHIANA

Meeting held on 12th August, 2017 at Er. D.S. Kalsi's residence

ASHOK KUMAR SEHGAL

Roll No: 802 (CIVIL)

Tel No: 0172 - 4654003

Address: 1564, First Floor, Sector 36 D, Chandigarh

Date of Birth: 1st June, 1945

Mobile No: +91 9357400003

Date of Marriage: 28th September, 1973

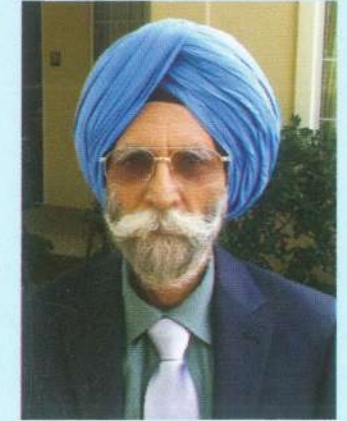

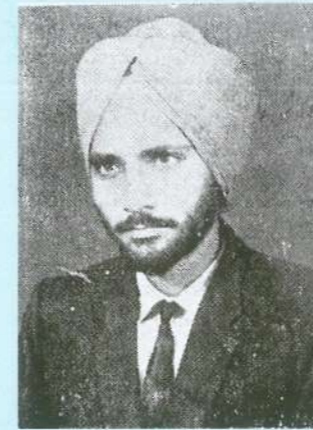

After passing out from GNEC in the year 1968, I started working as project Engineer with PWD (B&R) Government of Punjab.

From 1972 to 1988, I worked as Sub Divisional Engineer with PWD (PH) posted at Bathinda, Mohali and Ludhiana.

From 1988 to 2003, I worked as Executive Engineer with PWD (PH) posted at Bathinda and Pathankot . I retired from Pathankot in May 2003.

Now I am enjoying my Retired life at Chandigarh.

I am blessed with one daughter and two sons. Eldest is daughter who is married into a business family and is working as Principal in an International School in Bangalore. She is blessed with 2 daughters. Elder son is married and settled at Beas. He is doing his business. He is blessed with a girl. Younger son is married and is in business. He stays with us at Chandigarh and is blessed with a boy.

BALDEV SINGH SANDHU

Roll No. 804 (CIVIL)

Telephone No: +1 (571) 309 - 0694

Address: 3718 Rivermist Drive, Raleigh, NC 27610, USA

Date of Birth: 14th August, 1945

E Mail: bssandhu1945@gmail.com

Date of Marriage: 23rd September, 1974

After graduation, I worked for almost two years in PWD (B&R) at Amritsar. Then I worked at Thermal Plant Bhatinda for two years.

I came to USA in 1972. Worked in private sector for two years. In 1974, I accepted an entry-level engineering position in a local government, Prince William County, Virginia. As things worked out so well for me, I stayed there for over 32 years. I held various technical and administrative positions during this period, but my primary role remained as a Transportation Engineer. I got my professional engineers license in 1979 and earned a Master Degree in Public Administration in 1994 from George Mason University. I retired in 2006.

I married Harpreet Kaur Gill (Maiden Name) in 1974. We have two children. Our daughter, Balpreet, is a doctor and our son, Tejdev, is an accountant. Our daughter got married in 2013 and we are blessed with a three year old granddaughter, Jiven.

BAKSHI RAM DEWAN

Roll No: 807 (CIVIL)

Mobile No: +91 99115 51067

E Mail: dewanbakshiram@gmail.com

Address: G10, Nav Bharat Apartments, Pocket A3, Paschim Vihar, New Delhi-110063

Date of Birth: 20th May, 1944

Date of Marriage: 2nd October, 1976

I secured admission in B.Sc Engg: (Civil) along with all of you in the year 1964, but I passed out in year 1969. During the whole academic period, I was the least studious but a carefree student, who seldom bothered for its consequences in the later stage of life. I was not aware and there was no one to guide me regarding this aspect. I thank the wonderful faculty for the comprehensive study package of our college. I owe my whole success in life to alma mater Guru Nanak Engineering College, Ludhiana. I consider myself least deserving as an engineer but count myself as an accidental engineer, by the blessing of Principal Tara Singh. I served various private and public sector jobs but subsequently I joined Haryana Irrigation Department and retired as an Executive Engineer in the year 2002.

I married Sudha Dewan in the year 1976. She is from Jammu (J&K). We are blessed with two daughters and a son. Presently, my elder daughter is Gynaecologist (Gold Medallist) and serving society by opening Balaji Medicentre in Sector 25 Panchkula (Haryana) along with her husband who is MS ENT, (Gold Medallist). Younger daughter is computer genius and settled in USA (California) with her husband who is Senior Software Engineer at San Francisco.

Only setback in my life was losing my son in year 1989, but Almighty again blessed us with a son in the year 1992. He has graduated in Computer Science Engineering and is looking after establishment raised by me in Bahadurgarh (Haryana), which manufactures car accessories and spare parts. Now I'm helping my son with the establishment and together we are expanding and growing with Almighty's blessing.

DEVINDER SINGH SEKHON

Roll No: 812 (CIVIL)

Mobile No: +91-9814009696, +91-9814939393

E Mail: dssekhonchd@gmail.com

Address: House No. 99, Sector 11-A, Chandigarh, 160011

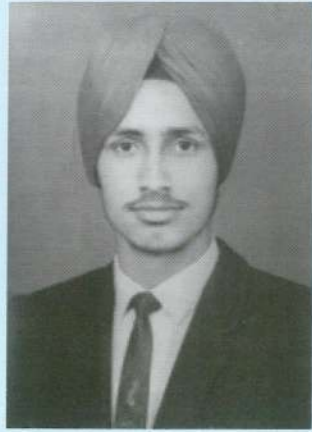

Date of Birth: 12th June, 1945

Date of Marriage: 14th October, 1970

After passing out from college I joined P.W.D.(B&R) as Project Engineer on temporary Work charged post. Got selected as Sub Divisional Engineer in P.W.D. (B&R) through P.P.S.C. Joined the department on 18/11/1970. My major project was the 1st World Bank Project in Punjab, that was 4-laning of NH-1 from Sirhind to Jalandhar. I was responsible for surveying investigation including preparation of preliminary project report as well as detailed project report including preparation of the tender documents and contract documents which was submitted to the World Bank for approval, which got approved. Got this project executed from start till finish which included 4-laning of road as well as the high-level bridge on River Satluj near Ludhiana.

I prepared the 1st document for collection of toll tax on the World Bank Project. I worked in various capacities and retired as CHIEF ENGINEER National Highways in Punjab on 30/06/2003.

I got married to INDERJIT KAUR on 14/10/1970. We have two daughters. Elder one is currently settled in California USA. She has two sons. My younger daughter is married to the son of our 1968 batch mate Late Er. PARMJIT SINGH GILL, of electrical branch, and has one son and a daughter.

GURMEJ SINGH GILL

Roll No: 814 (CIVIL)

Address: #2334, C-Block, Ranjit Avenue, Amritsar-143001 (Punjab), (INDIA)

Date of Birth: 5th Feb 1946

Date of Marriage: 12th Oct 1973

After graduation from GNDEC, Ludhiana, I worked as Apprentice Engineer under Stipend Scheme at PWD (B&R) Sub-Division Yamuna Nagar (Haryana) for few months and then in Mar 1969, I joined as Research Assistant in Punjab PWD (B&R) and remained posted at Amritsar and Patti. In late 1970, I joined as SDO minor Irrigation Tube well Corporation, Haryana (Adhoc basis) and remained posted at Karnal, Yamunanagar and Rewari and served there up to 1972 when I was selected as Sub-Divisional Engineer PWD (B&R) Punjab. I remained posted as S.D.E at Gurdaspur, Bathinda, Patti and Patiala. As Executive Engineer I was posted at Sugar Mill, TarnTaran (on deputation) and then at Sangrur, Asr, Batala, Asr, Pathankot and again Amritsar and retired in Feb 2004 from Amritsar. Now I am settled at Amritsar. After retirement I am serving in a Consultant Company for National Highway Authority of India and now working as Team Leader on Amritsar-Wagah Road.

I was married in 1973 to Inderjit Kaur, who is B.A., B.Ed. and is a housewife. I am blessed with one daughter and one son. My daughter is M.A, B.Ed, M.Ed, M.Phil and is now a Teacher in Govt. Sen. Sec. School near Amritsar. My son did B.Tech (India), M.Tech and M.B.A (Finance) from U.S.A and is now doing business in collaboration with a U.S. company at Mohali and is settled there.

GURDIAL SINGH SANDHU

Roll No: 817 (CIVIL)

Tel No: +1 925-875-9827 Mobile No: +1 925-640-5512 E Mail: gsandhu1966@yahoo.com

Address: 5827 Signal Hill Drive, Dublin, CA 94568. USA

After completing my studies at GENCO, Ludhiana in 1968, I came to the US and continued in my engineering endeavors in the state of Kansas where I achieved my Master's Degree in Structural Engineering. I got my Professional Engineers License in 1973.

I worked in Government jobs and also provided consulting services to Private Companies. I finally retired in 2013 after working as a Structural Engineer in all parts of USA.

I married Rajinder in 1973. We were blessed with a daughter Meenu and a son Harpreet. In 1989 I met with an accident and lost my daughter Meenu. Trying years followed, but we continued on with our faith in Waheguru and prayed for strength and peace. In 2005, my son, Harpreet, married and brought a daughter, Harkirat, back into our lives. My son, who followed in my footsteps in Engineering, is the Director of Engineering at Veeva Systems in Dublin, California.

I am now a proud grandfather to three grandkids: Meena, 8; Nishaan, 6, and Sonia, age 1. While I enjoy my time with my grandkids greatly, I am also a Managing Partner of SKM and MKS Enterprises, focusing on real estate projects. When we moved to Dublin, I took up golfing and casual stock market trading, which I pursue and revel in on a daily basis. I am truly enjoying my retirement years, thankful to the Almighty for all his blessings.

After I received my degree in Ludhiana, I worked for 3 years in New Delhi with Shalimar Tar Products and Bee Jay Engineers Pvt. Ltd. In August of 1971, I migrated to the United States and landed at JFK. With the help of my Brother who was a doctor, I received my Master's Degree from Brooklyn Polytechnic in 1973. There were many jobs in the beginning, but I finally landed a job with the New York City Housing Authority. I moved up to Deputy Director of the Construction Department and was in charge of high rise buildings and community centers.

I retired after 35 years of service and live 30 miles outside of New York City with Simi, my wife, a retired nurse. My daughter Minni is an attorney, my son Sumeet is in business, and both are living in New York City.

I wish all GENCO 1968 graduates good luck and happy reunion in February 2018.

JAGDISH SINGH GILL

Address : House No. 1690 Sector 60, S.A.S. Nagar, Punjab.

Date of Birth: 2nd March, 1945

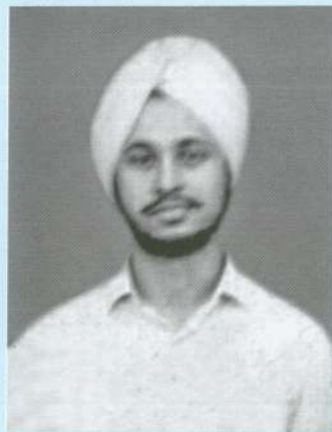

Date of Marriage: 12th April, 1974

After college, I went to my native village and assisted my family in farming for two years. Then joined a private construction company at Thermal Power Plant, Bathinda as a Civil Engineer. I left the company after about six months to join the Rural Development Department in H.P. where I worked for a few months and then transitioned again and joined as J.E. in Punjab P.W.D. B.&R. in 1972.

In addition to my routine duties, the first Four-Laning project of N.H.-1, in Punjab from Jalandhar to Phillaur was surveyed and prepared departmentally under my supervision. The remaining Four-Laning projects of N.H.-1 from Phillaur to Shambu, were also surveyed and supervised by me, and the project was funded by the World Bank. I started my service in Chandigarh in 1972, and worked at six different stations in Punjab till retirement.

After 1972, our beloved department took 4 sweet years to promote me to S.D.E. in 1976 instead of two years as per rules. The department never solved the seniority quagmire between AMIE/Degree holder and direct recruits ensuing in a long legal fight for seniority, which got finally resolved by the Supreme Court of India in our favour but alas, after our retirement! So after putting in 27 years of service at one post, I retired in 2003 and settled in S.A.S. Nagar.

I married Manjit Kaur in 1974. We have two sons. Our elder son, Harinderjit is settled in S.A.S. Nagar. He is married and has two sons. Our younger son, Simarjit is married and has one son, and is settled as a physician in California, U.S.A.

Roll No: 828 (CIVIL)

Landline: +1 812-342-4609

Email: kanwalkalirai@gmail.com

Address: # 6049 ACORN Drive, Columbus, IN, 47201 USA.

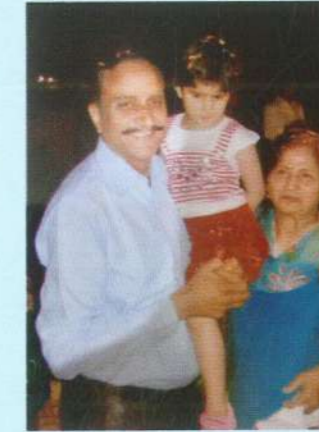

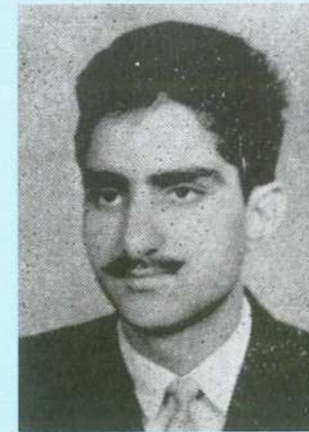

Date of Birth: 15th August, 1945

Date of Marriage: 13th December, 1973

After passing pre-engineering from Govt. College, Ludhiana, I got admission in our Alma mater GNEC in 1964 in Civil stream. I could pass degree in 1969. I went to Canada / USA in 1970. Settling down in USA was a struggle. I joined Indiana Department of Transportation as Civil Engineer. After that I joined US Govt. Veterans Hospital Organization as General Engineer. My assignments were multifarious and I got rich experience in various fields of engineering. There I worked for 20 years. Thereafter I went back to Indiana Department of Transportation and worked for 10 years. I retired in December, 2014.

I love lyrics of Sahir Ludhianvi, which made me attracted towards leftist philosophy during college time. This philosophy was enriched by experts of Marxism. They used to interact with students of the college during 1968-69. I have been a supporter of this philosophy since then. I also have interest in instrumental music and I practice on harmonium these days.

I and Daljit Kaur married in 1973. We have three children. Eldest son Paul is a graduate in Psychology and Information Technology. He has one son. Next is daughter Simmi, who is a graduate in Mechanical Engineering and MBA. She has one daughter. Youngest son Rajan is a graduate in Mechanical Engineering and is working. He was recently married. Daljit has been doing a great job of looking after and taking care of our home.

Date of Birth: 10th September, 1946

Date of Marriage : 06th January, 1973

After passing out from GNDEC, Ludhiana, I worked for three years in Haryana PWD B&R, Haryana Agriculture University, Hisar & Haryana Irrigation Deptt on Adhoc basis. Eventually, I joined Haryana PWD B&R on regular basis as Sub Divisional Engineer in July , 1971 and retired as Executive Engineer in September, 2004. After retirement, I served as Highway Engineer with Artefact Projects Limited, Nagpur, Executive Engineer cum Technical Advisor to Vice Chancellor, BPS Mahila University, Khanpur Kalan (Sonipat) and Dy Consultant (Roads) with SOWIL Limited, Bombay. Presently I am working as GM (Tech) with G-ENG Advisory Services, Gurugram.

I married Santosh Nehra in 1973, who served as Science Teacher, Head Mistress and Principal in Haryana Education Department from 1980 to 2008. We have three children, one son and two daughters. Our son is MS (General Surgery) and his wife is also Medical Graduate (Presently pursuing MS in Ophthalmology in PGIMS, Rohtak) and both are working as Medical Officers in Haryana Civil Medical Services and are blessed with one daughter and one son. Our elder daughter is Bachelor of Physiotherapy and married to Telecommunication Engineer, who is Director with Nokia in Bombay. They are blessed with two daughters. Our younger daughter is BBA-MBA and her husband is Mechanical Engineer-MBA and working in California, USA. They are blessed with two sons.

GOD has been very kind to us and we are extremely thankful to HIM for the same.

Address: 680 F, S.B.S Nagar, Pakhowal Road, Ludhiana - 141013

Date of Birth: 5th June, 1947

Date of Marriage: 23rd February, 1973

After graduating from GNEC in 1968, joined M.Tech in Environmental Engineering at IIT Kanpur. In October 1970, joined P.W.D. Public Health Punjab as Sub Divisional Engineer. Promoted as Executive Engineer in 1978 and went on deputation to Punjab Water Supply and Sewerage Board. Served at various places in Punjab. The challenging task was to replace damaged sewer at Bathinda and maintain the system simultaneously. After serving for 34 years, retired as Managing Director of Punjab Water and Supply and Sewerage Board. There after I joined a construction company and served at various places in India till April 2017.

I married Sharanjit Kaur in 1973, who stood by me through all my difficult periods. We have a daughter and a son. Daughter is M.A. Economics, married to a progressive farmer. Son is B. Com, married and working with an export company.

COL. MOHINDER SINGH

Roll No: 832 (CIVIL)

Address: #16 Sec 44A, Chandigarh 160047

Date of Birth: 8th December, 1946

Date of Marriage: 29th January, 1978

After passing out from GNDEC, Ludhiana, I joined the Indian Army to serve the nation in 1968. A service that was full of adventures, challenges that encompassed harsh living conditions, and an opportunity to make a difference in the lives of many. I was deployed in 1971 Indo-Pak war to liberate Bangladesh and penetrate deep into Pak territory in western war theatre, facing situation of life and death. I rendered supportive role in the Kargil war, the only war which has no parallel in the world history. I attained excellence in troops games, but lawn tennis and golf remained my passion. To pursue my passion in advanced studies and hone management skills, I acquired MBA degree from MKU and PGD in remote sensing from IIRS Dehradun. I served with the military troops, MES and Border Roads at various appointments that enriched my professional experience and broadened my social circle. After serving for 32 years, I retired as a Colonel in 2000. Thereafter, I ventured into private sector to rekindle my professional desire. I had the privilege to serve with number of reputed Infrastructure Companies, as consultant, Project Director, CGM, Senior Vice President and Advisor. I rendered reckonable contributions, while working with NHAI in building Highway and Bridges in AP, UP, MP, Gujarat and Punjab.

In 1978, I met Harbans who I knew, from our very first meeting, would become the driving force and inspiration of my life. I am fortunate to have her as my spouse, who gave me all the support and stood by me, which made all my tasks easier. We have two daughters, both engineers by profession, the elder settled in USA and the younger in India. Finally, I left my private sector assignment in December 2016 to spend quality time with family and to pursue passion of golf.

Date of Birth: 01.01.1945

Date of Marriage: 18.05.1972

After passing out B.Tech, joined Haryana P.W.D (B & R) Deptt and Retired as Executive Engineer on 31.12.2002

An interesting Episode: In the year 1965, when I was in second year of B.Tech, I had my bed in the verandah of the room. We, the students of second year, made a plan with the senior students to do the ragging of first year students. The light of the hostel was switched off at 2 am. The first year students were taken to the nearby fields for ragging. Somebody informed the warden and he came to the hostel to find out that all the students of first year with the senior students were not present in the rooms. Some of the senior students who were sleeping in the verandah were taken along by the warden to identify the senior students who were doing the ragging. When I went to take back my bed, he refused, with the comments that you were involved in the ragging. I pleaded that I was not present in the college and was in my village. To save myself from the punishment of ragging, I managed a railway ticket and got my bed back.

MOHAN SINGH GARG

Roll No: 855 (CIVIL)

Tel No: 016 67225482,

Date of Birth: 1st March, 1943

Date of Marriage: 4th March, 1972

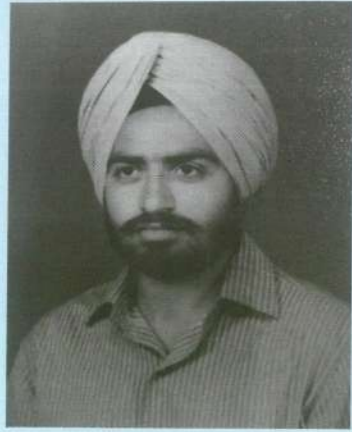

After graduation in civil engineering from our alma mater GNDEC, I remained unemployed / underemployed for three years. In Aug, 1971 joined Haryana Irrigation Deptt. as Assistant Engineer (ad-hoc). Worked on a very prestigious, lift irrigation project. In 1973 resigned to join as regular Assistant Engineer in Haryana state minor irrigation tube well corp., but unluckily all the recruits were terminated due to some political reasons.

Again I joined Irrigation Deptt. Haryana in Dec, 1975 as Regular Assistant Engineer. I was posted at Sunder Nagar (HP) on Beas Sutlej link project and after that worked at various places in Haryana till my retirement in 2001 as Executive Engineer.

I have a son & a daughter. Son is married and doing business. Daughter did M.Sc. (Applied Psychology). She is married to an army officer.

It was a great shock for me when my wife passed away in 2008 due to breast cancer. I was broken but compromised with the circumstances with the passage of time.

My life & career had been a little rugged throughout.

Address: 43566 Merchant Mill Terrace, Leesburg, VA 20177, USA

After graduating from GNEC, Ludhiana in 1968 (Civil), I completed my Masters in Structural Engineering at Oklahoma State University in June, 1971.

I moved to Toronto, Canada in February, 1972, and over next 14 years I worked with three Structural Engineering firms gaining extensive experience in design of high rise buildings, university buildings and malls. I was promoted to Senior Structural Engineer and owned stock with the last two firms.

In January, 1986 I joined SFCS Inc., a large Architectural / Engineering firm as Director of Structural Engineering. SFCS was based in Roanoke, Virginia, USA established in 1920. In the firm's 65 years, I was the first non-white employee of the firm. SFCS designed retirement communities all across USA. Locally, SFCS also designed university buildings.

After multiple promotions and stock ownership levels over next 10 years, in 1996 I was promoted to Executive Vice President responsible for Finance and Operations of the firm. In February, 1998 I was promoted to Chairman and Chief Executive Officer and had major ownership in the firm. During my tenure of 13 years as CEO, I opened offices in Charlotte, NC and Philadelphia, PA, and construction value of projects the firm designed exceeded \$2.0 Billion. After 25 years with SFCS, I retired in 2011 and moved to Leesburg, Virginia to be close to my family.

Satinder and I got married in 1973. We have two sons; both of them live nearby with their families. We have five granddaughters and one grandson.

Mobile No: +91 9818882921

Email: 2bakshirc@gmail.com

Address: H. No. 10/6, Block-H, DLF Phase- I, Gurgaon-122002

Date of Birth: 2nd October 1945,

Date of Marriage: 22nd November 1972

After passing out from our Alma Mater, Guru Nanak Engineering College, Ludhiana, I worked as Research Assistant in PWD (B&R) Haryana from Jan 1970 to June 1971. I joined as SDO in irrigation Deptt. Haryana in June 1971 on Adhoc basic and in May 1972, I joined as SDO in Public-Health Department, Haryana on regular Basis. I was promoted to the post of Executive Engineer in 1980 and Superintending Engineer in 1998. I went to Haryana State Pollution Control Board, Panchkula as Member secretary in 2002. After completing about 34 Year of services, I retired in Oct, 2003. After retirement from Govt. Job, I joined DLF Ltd. at Gurgaon as Advisor / Chief-Advisor in Environment Department from August, 2006 and working till date. I am settled in Gurgaon with family.

I married Pushpa in November 1972. We have three sons. My elder son Sanjay Bakshi, after doing his Mech. Engineering, is running number of Electronic Showrooms in Delhi. He is blessed with a son and a daughter.

My other two sons, Ankur & Rajat, after doing their graduation in Hotel Management & BCA from India, went to U.K. for further studies. After completing their post-graduation, they have settled in London and now they have taken British citizenship.

SHER SINGH UBHI

Roll No: 868 (CIVIL)

Mobile No: +91 9915521684

Email: sherubhi@yahoo.com

Address: H. No. 1684, Phase 3B-2, Sector 60, SAS Nagar (Mohali)-160059.

Date of Birth: 15th November, 1946

Date of Marriage: 15-10-1972

After passing out from the college, I took an assignment as trainee engineer at Gandak project in Bihar. Within six months I got appointment as trainee design Engineer in New Delhi with M/s Teja Singh and associates, a design Engineers firm. I worked with them for about one year and after that I got appointment as Sub divisional Engineer in the Punjab Public Health department. I joined the department on 19-10-1970 at Ropar. During June 1974, I was transferred to Mohali, where I got promotion as Executive Engineer during January 1977. As Executive Engineer I worked at Mohali, PSIEC-Chandigarh, Ludhiana, Punjab Mandi Board, Jalandhār and Amritsar. On 28th October 1996, I got my promotion as Superintending Engineer and joined as such at Patiala. On 1st July 1997, I was posted SE Faridkot, when I was assigned the job of making all the water supply schemes in this area functional, which were canal based and in need of repairs/augmentation. The area was waterlogged and fell in the constituency of the Hon'ble Chief Minister Punjab. I worked there till January 2003, when I got my promotion as Chief Engineer and shifted to Patiala. I retired on 30th November 2004. After retirement I am settled at Mohali.

I married Satinder Kaur on 15th October 1972. We had three sons. The eldest Bhagwinnder Singh was Polymer Engineer, but unfortunately he left us in a road accident. He was married and a son was born after his death. Second son is Taranjit Singh. He was studying in Mechanical Engineering but left his studies after third year for continuing the unit started by his elder brother. He is married and has two sons. The third son, Amanpreet Singh is an IT Engineer with MBA. He is having his own unit in Mohali. He is married and has one daughter.

Address: 37 Globeflower Lane, Princeton Jun. NJ, 08550, USA

Date of birth: 10th Feb, 1947

Date of marriage: 5th Dec, 1967

After graduation from GNDEC Ludhiana, I worked as Research Asst. in Punjab PWD (B&R). I moved to USA around 1972. During early years, I worked in different fields, in manufacturing (QA inspector in GM) in nuclear Industry (United Engineers: Structural Engineering in Nuclear Plant Design & Construction).

My major professional career and life (30+yrs.) has been spent in NJ Dept. of Transportation. I had worked various responsibilities, starting as Assist. Engr., Senior Engineer, Principal Engineer and finally retiring as Specifications Engineer in 2011. Majority of work was design and construction of state's bridges. I own and run a small Real Estate Company; (Dhillon Appraisals), which is a Real Estate Appraisals (Residential) mainly.

I married Jasbir Kaur Chahal (now Dhillon) in Dec. 1967. Jasbir had her college education in India/USA. Her professional training is in Computers and Real Estate. She worked thirty plus years in NJ Dept. of Treasury and retired as professional councilor. She is enjoying retirement and likes to spend time with our grand children, doing charity work and travelling.

Our son, Harjinder S. Dhillon, trained as Chemical Engineer. He also had business education and is presently a senior executive in a major Pharma, Corporation. He is married to Shalini Mathur Dhillon (an executive in Prudential Insurance) and is blessed with two high school going girls. Our daughter, Raminder K Dhillon Accosta, trained as a medical doctor, has done post graduation in radiology and is doing medical practice. She has her own corporation in Orlando Florida. She is blessed with four children.

Date of Birth: 08th April, 1946

Date of Marriage: 13th August, 1975

After passing out from GNEC, Ludhiana, I joined as Research Scholar at Regional Engineering College, Kurukshetra. Subsequently for two years, I was at Bathinda on quality control of civil works of Punjab PWD (B&R). From August 1971, I served Haryana PWD (B&R) on various designations, besides on deputation with Kurukshetra University, Haryana Roadways and Haryana Agricultural Marketing Board till superannuation in 2004. Thereafter, I have been active in the fields of structure design, consultancy and valuation. I maintain a complete office setup with library at Jind.

I married Urmil in 1975 and we have two children. The elder one, Sameer a graduate engineer from Giani Zail Singh College of Engineering & Technology, Bathinda is now in business. He has two school going sons. All of us are putting up at Jind.

My daughter Pratibha is a Post Graduate in Law from Case Western Reserve University, Ohio (U.S) and is presently working as lead-Legal, Secretariat & Corp. Regulatory Affairs. My son-in-law is an Electrical Engineer and working as GM with BSES. Both are located at Delhi and are yet to expand their family.

Roll No: 875 (CIVIL)

Tel. No: +1 317 862 2330 Mobile No: +1 317 480 0701 E-Mail: tsingh1217@yahoo.com

Address: 7341 Franklin Parke Lane, Indianapolis, IN 46259, USA

Date of Birth: 17th December, 1945

Date of Marriage: 4th March, 1973

After graduation, I worked for CPWD contractors in Punjab. After a two month stay in UK, I moved to Canada in November 1970. I worked in Toronto for two years in a road and bridge construction engineering firm. I returned to India in January 1973 and married Gurdev Kaur.

I migrated to USA in May 1973 and settled in Indianapolis, Indiana. First, I worked as a project engineer on a hotel construction for a year. I joined Indiana Department of Transportation in September 1974. I became a registered Professional Engineer (PE) in Indiana. I retired as Department's Consultant Services Manager in December 2008.

We are blessed with two daughters; Navdeep and Poonam and a son Roop. They are engineering graduates and are married to professionals. Navdeep has three boys and is a broadcaster for a sports team in Texas. Poonam is raising two boys and a girl and is a political/social activist. Roop is a plant manager in a US oil company. He has a daughter. Poonam and Roop are married in GENCO families and live in Indianapolis.

I still hold the college athletics 1500m record of 4 minutes 18.3 seconds established in 1966. I kept on running 1959 - 2005. Now, I go to gym regularly. We are enjoying retirement life.

Roll No: 876 (CIVIL)

Tel No: +91 8042070761 Mobile No: +91 934143299 E Mail: vpgupta1945@gmail.com

Address: F08, Vaishnavi Orchids, Kasvanahalli, Bangalore - 560035

Date of Birth : 1st Oct 1945

Date of Marriage : 16th Feb 1971

I built a career in Government service after graduating from Guru Nanak Dev Engineering College. I spent over 31 years in the service of Govt. of Haryana, retiring as Superintending Engineer from PWD Public Health in the year 2003. I also had a brief stint with HPSEB during my initial working years.

My job gave me a tremendous exposure in public service working with a gamut of highly qualified and learned individuals. It gave me an opportunity to give back to the society by implementing a plethora of schemes for the benefit of common man. Post retirement, I moved to Bangalore with my family where I have been spending time pursuing my hobby of gardening and keeping myself fit through regular exercise and yoga.

I married Kusum in 1971. We have one son who is employed with Dell Technologies as a Senior Director. Our daughter-in-law is an entrepreneur and we have two grandchildren, who are at the cusp of beginning their independent lives very soon.

Overall, it has been an extremely fulfilling journey that started with humble beginnings in a small village, that got wings with college education, which set me up for a successful career.

Date of Birth: 12th Jan 1945

After passing out from GNDEC Ludhiana in 1968, I worked as a Civil Engineer in various private agencies dealing with works of civil engineering nature at Jammu, Chandigarh & Sabadhu (HP) for about three years. Then I was selected as Sub Divisional Engineer in Punjab Agriculture University where I worked until 1972. I joined PWD B&R, Punjab Department in 1972. I served in the department at various places; Jaito (Faridkot), Malerkotla, Phillaur, Ferozepur and again at Jalandhar. I retired from Jalandhar Circle in 2003, where I am presently residing.

I have one daughter and one son. Both are married and settled in USA. My daughter has two twin daughters and she is settled with her husband in Desmohin (Iowa State USA). My daughter and son in law have their own Liquor/Departmental Store in Desmohin. My son is settled in Stockton (California) and is in trucking business. Both have their own houses. I along with my wife, visit them from time to time.

MAJOR GENERAL MALVINDER JIT SINGH VIRK

Roll No. 884 (CIVIL)

Mobile No: +91 9855034930, USA. +1 559-960-2094, Email : mjsvirk@hotmail.com

Address: 1549 Sector 34D Chandigarh 160022, India

Date of Birth: 30th August, 1946

Date of marriage: 17th June, 1973

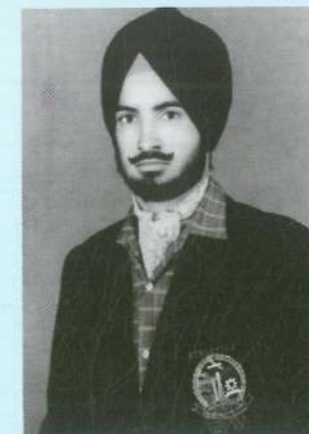

After my pre-engineering from Government College Ludhiana I joined GNDEC in 1964. During college, my hobbies were cycling and travelling to various hill stations. I went to Srinagar, Gulmarg, and Manali, etc. on bicycle from Ludhiana with friends. I joined the Indian Military Academy in 1968, immediately after graduation. I was commissioned in the Corps of Engineers in June 1969. During my career in the Army, I specialized in surveying and mapping and was among the pioneers for introducing digital mapping technology in India. I retired in August 2006 as Additional Director General from Army Headquarters and am settled in Chandigarh.

I got married to Gurinder Dhillon in June 1973 in Ludhiana. Regarding my family; my eldest daughter Navneet obtained her engineering degree from India and then completed her Masters in Engineering from USA. Her husband Sumer Johal also has his Masters of Engineering from MIT in USA. They are settled in San Francisco, California. My second daughter, Dr. Amneet completed her MBBS from Government Medical College Amritsar. She did her residency and fellowship from USA. Her husband Dr. Harjot Dulai completed his MD and fellowship from USA. They are settled in Fresno, California. My youngest son, Dr. Gurjiwan graduated from PEC Chandigarh in Mechanical Engineering and did his Masters in Biomedical Engineering from USA. After Masters, he completed his MD from USA. His wife Dr. Prabjot also did her MD from USA and they are both now pursuing their residencies in New York. All my children are settled in USA. I spend my time, both in USA and India.

The 1967-68 Athletics team was very talented. The college Athletics record holders were: Hardial Dhalwal (800 m), Tarlochan Bansal (1500 m), Sohan Aujla (long jump), Kuljeet Grewal (Hammer throw) and Bhupinder Gill (100 m). The 4x100 m relay team of Tarlochan, Sohan and Bhupinder finished first with a time of 46.0 seconds in the Ludhiana district open Athletics meet. Great memories!

SINGH IS KING!!!

Our Tarlochan Singh Bansal had been the King of the race track during 1966. He still holds the record of **4 Minutes 18.3 Seconds in 1500 m**, established then. Actually, he is the only athlete from the 1968 class who still holds any college Athletics record. He kept on running from 1959 to 2005. Now he regularly goes to Gym to keep himself in mint condition. Three cheers for him.

AVINASH GARG

Roll No: 904 (MECHANICAL)

Mobile No: +91-9417003544, +91-9988230639

Email: avikirangarg@gmail.com

Address: 147, Sector 38, Gurugram, Haryana and
136, Shivalik Enclave, Manimajra, Chandigarh

Date of Birth: 12th March, 1946

Date of Marriage: 8th Feb, 1975

I passed Mechanical Engineering from GNDEC in 1968. Billiards and Table-tennis were my favourite sports. I was an active member of the college Bhangra team. I was adjudged best cadet in college N.C.C. (EME)

Post my graduation, I underwent Industrial Entrepreneurship course conducted by Small Industries Service Institute, Okhla, New Delhi. In 1969, I joined M/s Cutler Hammer (I) Ltd, Ballabgarh (Haryana) as an Assistant Engineer (Production). In 1971, I was promoted as Purchase Officer and transferred to their Mumbai office. In 1973, I did Operational Management Course (D.O.M.) through Jamna Lal Bajaj Institute (Bombay).

In 1976, I started my own small scale unit for the manufacture of pressure vessels and heat exchangers. In 1978, I shifted to Chandigarh and joined my family business of manufacturing hot forged nuts and bifurcated rivets.

I got married in 1975. My better half, Kiran is a homemaker and hails from Tarn Taran, Dist. Amritsar (Pb). My daughter, Bindiya, born in 1978, is married and settled in Dallas (TX, USA). My son in law, Manik Arora, is CEO of Verveba in Dallas. They are blessed with two wonderful sons.

My son, Anuj Garg, born in 1981, completed BE (Comp Sc) in 2003, and started working for Infosys and stayed in U.S.A for 6 years. He is currently with RBS, Gurugram as an AVP. He is married to Simmi from Barnala (Pb), BE (ECE) from Thapar, Patiala. She is also working with Royal Bank of Scotland. They are blessed with a baby girl.

In 2014, we moved from Chandigarh to Gurugram and are happily leading a retired life.

DARSHAN SINGH KALSI

Mobile No: +91 9816600038

E Mail: dskalsi@aamodulars.in

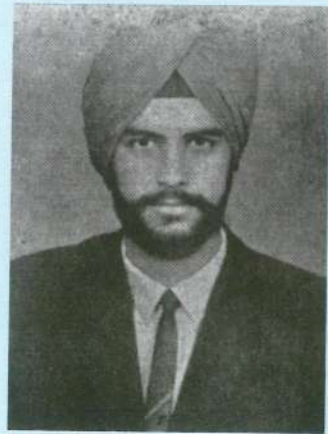

Address: B-38, Industrial Area, Phase III, Sector 58; SAS Nagar, (Mohali). PIN 160055

Date of Birth: 5th April, 1944

After my Graduation in 1968 from Guru Nanak Dev Engineering College, I worked as a Lecturer in Punjab Engineering College for six months. Then I joined my uncle's Business of Govt Building Constructions. In 1978 I ventured out on my own enterprise into Construction as M/S Kalsi Construction Co. Various Prestigious Projects such as Advance Paediatric Centre, New OPD Block etc of PGI, Govt Hospital Sec 32, Minister Housing Complex Sec 39, etc. to name a few, were successfully constructed in this tenure.

At Present, I am Chairman of M/S A & A Modular Systems - Venture started by my son and daughter-in-law in 2004. We manufacture Modular Kitchens, Wardrobes, Doors, Windows and other allidewood making products. This is a completely automatic plant imported from ITALY & GERMANY.

I married Manjit Kaur, who is our "Home maker", in 1969. My son Gurinder Pal Singh is a Civil Engineer, graduate from Guru Nanak Dev Engg. College. My daughter in law Gurleen Kaur is an Electronic Engineer, also from Guru Nanak Dev Engg. College. My twin grandsons, Anhad Pal Singh Kalsi & Achint Pal Singh Kalsi are studying in University of TORONTO (Canada) and will be graduating in April 2018.

Date of Birth: 15th April, 1943

Date of Marriage: 11th March, 1973

After passing from GNDEC Ludhiana, I could not enter P S E B, because of not having Punjabi Language Matriculation Qualification, which was a Pre-requisite. So I worked in private sector (M/s Virmani Flour Mill, J M A. Industry & Bitoni Lamps) for two years. On recommendations of U P S C New Delhi, I was appointed Asstt: Engineer (PWD) in May, 1970 and worked as Chief Stores Officer, Manipur State Transport, Manipur for 2 years. Here I was interacting with lot of senior Bureaucrats.

I moved to P S E B on 2nd June, 1972 as Asstt: Engineer (direct) & worked in different capacities till retirement on 30th April, 2001. While serving in P S E B as Asstt Executive Engineer, I went on deputation to Pepsu Road Transport Corporation in the capacity of General / Depot Manager during 12/1979. I was looking after Administration, Accounts, Traffic and Workshop. There I was having Accounts Officer, Traffic Manager & Workshop Manager to support the functions. I was provided with an Ambassador Car having a Red Beacon Light to discharge my duties. Here also I had the opportunity to know more senior administrative officers. I worked for two years in that position.

I married Narinder in 1973. She was a lecturer in Govt College for Women in Ludhiana but left her job on the birth of our son. Now we are settled in Ludhiana.

We have two sons. Both are doctors and married. They are settled in USA (Pennsylvania & Michigan). The younger son has a son and elder one is still to expand his family.

KULDIP SINGH BHULLAR

Roll No: 922 (Mechanical)

Tel. No.: Home +1 909 652 0352;

Mobile +1 909 767 5656

E Mail: kuldipbhullar2005@yahoo.com

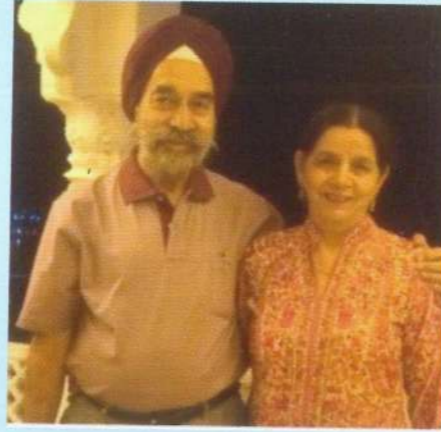

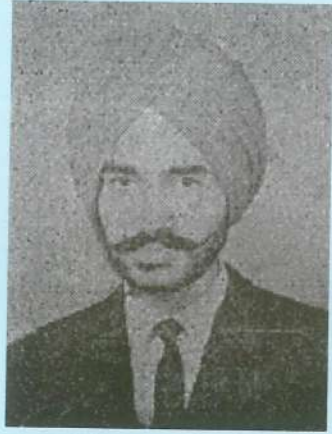

Address: 9603 Enclave Dr., Alta Loma CA 91737 USA

Date of Birth: 1st June, 1946

Date of Marriage: 23rd February 1974

After graduating in Mechanical Engineering I worked for a while in couple of small industries in Ludhiana. In March 1970 I joined Punjab Agro Industries Corporation and worked in various offices starting with Jalandhar, TarnTaran, and Ferozepur but most of the time at TarnTaran covering Amritsar district. In June 1977 I resigned and migrated to USA. In Houston I worked in Todd Shipyards, Brown & Root and Global Marine Drilling Company in various engineering roles. In 1986 I moved to California and again worked for Todd Shipyards in Los Angeles. I worked for a year in another small offshore engineering company before joining Parsons Corporation, an international engineering and project management company with worldwide offices, in January 1989. I worked in various engineering positions on oil & gas, petro-chemical projects. In March 2001 I took international assignment from the company and worked in Saudi Arabia till August 2007, as project Manager and then as joint venture manager. In September 2007 I took assignment in Nigeria and worked as project manager on a mega project and then as operations manager responsible for Nigerian operation of the company. Later I again moved to project management and worked as project director on a mega project. In April 2015 I retired as project director from company's Nigeria office. Since retirement I am enjoying life at home in Los Angeles.

I got married to Kulbir in 1974. Kulbir studied in Jalandhar for her MA degree and in Kapurthala for her B Ed. We are blessed with two beautiful children. Our daughter Ruby is MD and is married. Her husband Paul Sandhu is in real estate business. They are settled in Las Vegas and are blessed with three sons, all in schools now. Our son Harman got his education in computer information systems and business management. He worked for a while as a financial analyst but later switched field to medicine and is still pursuing it. Harman is unmarried and lives with us.

KULDIP SINGH DHODY

Roll No: 924 (MECHANICAL)

Tel No: 0172-2646231 Mobile: +91 99157 32102 Email: ksdhody@gmail.com

Address: House No 231, Sector 35-A, Chandigarh

Date of Birth: 12TH October, 1947

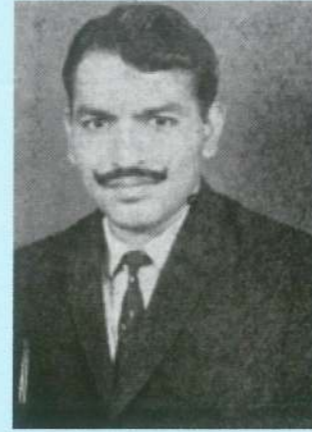

Date of Marriage: 4TH February, 1973

After graduating from our Alma-mater, I joined Hindustan Aeronautics Ltd as a Management Trainee (Technical) and served at Bangalore, Nasik & Hyderabad locations till 1981. Thereafter I resigned to join Ashok Leyland as Production Manager at Hosur plant near Bangalore.

After leaving Ashok Leyland, I joined Swaraj Mazda Ltd (now SML Isuzu Ltd) at Chandigarh in 1985 and superannuated in 2008 as Vice-President (Works) at the age of 61. I then joined an American company near Chandigarh as Director in-charge of Operations. After the change in the controlling stake in SML Isuzu (which is now a Japanese majority owned company), I was invited to join them again during January, 2013 as Executive Director-Works and am privileged to continue with them till date.

In 1973, I got married to Ms Gurdeep Kaur who is MA (Music), BEd, a highly accomplished, soft spoken & God fearing lady. We are blessed with two sons who are software professionals, elder is working as Director with Amazon and the younger as Associate Director with Cognizant. Both sons are married and have two sons and a girl child respectively. While elder is working in India at Bangalore, younger is settled at Toronto, Canada.

We are truly grateful to our engineering college and the then staff who has made us capable to face the challenges of life as well as professional career. We eagerly look forward to meet our batch mates & their families and are thankful to our colleagues who have taken the initiative to organise such a meet.

Sorry for the Spouse

After passing out B. Tech joined Haryana State Electricity Board and retired as Suptd: Engineer from the Department.

An interesting Episode: In the final year in 1968, I and Sh. Mangal Singh of Civil Engineering were walking in the evening in front of the canteen. The contractor of the canteen, Sh. Kewal asked us to visit the canteen. In the canteen, he had just prepared fresh "Burfee" & told us, "Please enjoy the burfee free of cost as much as you can take". We requested him that he should give us the burfee by weight so that we can pay the amount, but still he insisted that, today you take free of cost as much as you like. Then we both started enjoying the burfee. He had prepared about 5 to 6 kg, which was finished by both of us. We asked if he had prepared more, and asked him to bring the same but he and his wife folding their hands said "please excuse us". At that time about 50 to 60 students were around us. Finally, everyone laughed it off.

After graduating from Guru Nanak Engineering College (Ludhiana), I did not have a chance to work in India. In January 1970, I took admission in University of Southern California (U.S.C) Los Angeles U.S.A. From USC I completed M.S in logic design computer science in 1972. In September 1972, I migrated to B.C. Canada and worked some odd jobs. In December 1973 my wife joined me and we moved to Winnipeg in May, 1974. In Winnipeg worked in steam and industrial refrigeration plants, where I became Chief Engineer. In April 1980, I started working at Air Force Base in Winnipeg as Civilian employee. In summer 1994, took voluntarily retirement as Chief Engineer and started working full time with my own grain milling business. Grain milling is my passion, which has grown into a full time business.

My wife Gurbachan Brar has B.A. B.Ed from D.M. College Moga. We are blessed with one daughter (Harkirat) living and working with our own business in Winnipeg and one son (Harsharan) living and working with our own business in Abbotsford, B.C. We are blessed with three grandchildren from my daughter and two grandsons from my son.

Date of Marriage: 2nd June, 1974

After graduation, I joined M.Tech program in Industrial & Production Engg., at IIT Delhi. My first job for about a year in 1971, was with DCM, Delhi, as Research Officer. I joined Bokaro Steel Ltd in November 1971, where I worked as Industrial Engineer for 4 years. Moved to Hawkins Cookers Ltd in December 1975 as Production Manager and worked at its Thane plant for 2 years. After that I joined Hindustan Aeronautics Ltd, Kanpur in December 1975 as Senior Manager of management services. I worked there for over 4 years. Joined Eicher Good Earth Ltd, Faridabad, in March 1981 as Manager (Projects & Industrial Engineering). After 2 years at Faridabad, moved to Chandigarh in March 1983 and continued with Eicher's Parwanoo plant for another 3 years. Promoted my own company styled Nipso Polyfabriks Ltd in 1985, where I continue to work till date. My company is into manufacturing of PP / HDPE woven bags used in packaging commodities like cement, fertilizers, chemicals and food grains. We earlier had a unit in Dera Bassi also but currently all our operations are consolidated at Mehatpur, Distt Una in H.P. We supply our products to ACC, Ambuja Cement, Reliance and many other corporates.

I am very fortunate to get Parmjit Josan as my life partner. She comes from Amritsar and life has been a wonderful journey in her companionship.

We are blessed with a son Nripjeet and a daughter Sonal. Both graduated from PEC. Nripjeet did his masters in computer networking from USC and MBA from University of Chicago's Booth School. He currently works with CISCO at San Jose as a Senior Manager of strategy in cloud computing. He is married to Hilary Josan, an MBA from Kellog's. She heads accounts department of Chevron Corp's Chemicals Division. They live at Dublin in bay area and are blessed with two sons, aged five and two. Sonal after her MS and PhD in Medical Imaging from Stanford University worked as a Scientist with SRI International. She is currently working with Siemens, Medical Equipment Division, as a Senior Scientist (R&D) at their Head Office in Erlangen, Germany and is not married yet.

5th Nov, 1977 (previous)

After graduating from Guru Nanak Engineering College, I completed MS Degree in Industrial Engineering from Illinois Institute of Technology, Chicago, USA. I started my career as Industrial Engineer, working for a manufacturing company. After 9 years of my experience in the manufacturing industry, I made decision to join the Department of Defense (DOD), where I worked in advanced manufacturing technology development & application, product improvement, and project management for 34 years. At the DOD, I had the opportunity to manage numerous technically challenging and interesting projects, and enjoyed dealing with the aviation industry. I completed my 43 years long professional career and took retirement in year 2016.

I am currently living a happy retirement life. I have a daughter and a son from my first marriage, who are well placed, and enjoying their life. My daughter is a doctor and is still single. My son is MBA and works in financial industry. He got married in 2016. I have three step daughters, who are also well placed and happily married.

DATE of Marriage: 2nd March, 2001

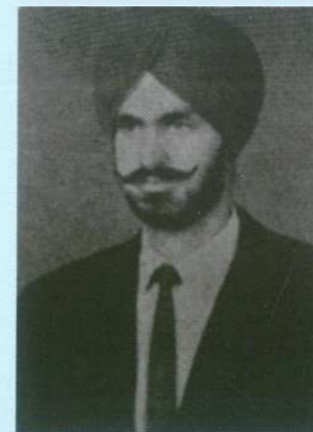

After graduating, I migrated to USA in 1971 and have been residing in California ever since. I worked in various private companies. My last Engineering job was at Peterbilt Motors Co., where I worked as a Project Engineer. I earned two US Patents in HVAC, while working there.

I realized that I could not plan a happy future by working for others as there was so much uncertainty in the job market. So I started doing my business of Convenience Store / Gas Station while working at Peterbilt in 1984 and also worked as a Real Estate Broker. By 1992 I got into full time Business and have been in it ever since.

I got married to Amanpreet in 2001 and we have a son who is in UC San Diego. I have 2 daughters and a son from my first marriage.

I am involved in local community services. I am serving as a member on County Assessment Appeals Board and been appointed Commissioner on the Madera County Planning Commission. I am the first Indian to serve on these positions.

I frequently visit India. I fulfilled my late father's dream by building and getting a Govt. High School approved for our ancestral village Shaikh in Distt., Tarn Taran.

Date of Birth: 25th November, 1943

Date of Marriage: 31st December, 1972

After passing out from GNDEC, Ludhiana, I worked for two years in Faridabad with Frick India as Mechanical Engineer. In March, 1971, I migrated to USA and joined NY Telephone company (Now Verizon). I also joined Polytechnic University of University in 1971 and completed Masters in Engineering in 1973. I took retirement in 1977 and went to Saudi Arabia as Technical Consultant to Saudi Telephone Company in Riyadh as an employee of Lucent Technologies. I came back to USA in 2000 and worked on AT&T project as Lucent Employee. AT&T hired me as Engineer in 2001 and I retired again from AT&T in December 2016 for good.

I married Harjinder Kaur in 1972. We have two daughters and both are medical doctors. The eldest one Rashmi is near Los Angles, California, and has 3 sons. The younger, Aman, lives near me. She also has 3 sons. It is fun to be with them whenever we have time.

Date of Birth: 9th October 1944

Date of Marriage: 18th February 1972 &
25th February 2010

After passing out from GNDEC, Ludhiana, I worked in Bharat Carpets Ltd in Faridabad for 12+ years. I joined as Trainee Engineer and worked on various positions before leaving the company in July, 1981 as Chief Production Executive. In July 1981, I joined King Carpet Manufacturing Co Ltd in Lagos, Nigeria as Production Manager and was promoted after one year as General Manager of the group of three companies. I resigned from King Carpet Lagos in July 1990 and moved to Australia in August, 1991. I joined Godfrey Hirst Australia Ltd group of companies consisting of Carpet, Nylon, Polypropylene and woollen yarn manufacturing units in Australia and Wool processing plants in New Zealand as Engineer in research and development department but soon moved out as Product Development Manager. I was the only Indian working in their Geelong (near Melbourne) unit with workforce of 1100+ in 1990. After 14+ years in various positions with Godfrey Hirst I retired and settled in Melbourne.

I married Gurjit in 1972 and we have two children. Our Son Gurbinder is a Pharmacist and married. He has two beautiful daughters. Our Daughter Joshinder is an artist, working as a Choreographer, Director & Writer.

Gurjit passed away in 2007 and I married Iqbal (her husband passed away same time as Gurjit) in 2010. Iqbal has two children from her first marriage. The elder son Prabhjot is in University and younger daughter Irjinder will be going to University next year.

I started playing Golf in Australia and represented my Golf Club as Pennate team member for 7 years. In my playing career, I have 3 'Hole in One'.

I am an Industrialist and have established three Industrial units in Amritsar. I am Proprietor "Sharp Enterprises", 170, Industrial Focal Point, Amritsar.

WRITING PLAYS is my other activity, I have written more than 25 plays. Directed and acted in some of them.

PUNJAB NAATSHALA

(For details please visit: www.punjabnaatshala.com).

Founded my own theatre under the name of "Punjab Naatshala", (Opposite Khalsa College, Amritsar), with a sole aim of promoting the art of theatre. For the achievement of this very objective Punjab Naatshala provides free basic theatrical requirements for rehearsals and staging of high quality plays. After coming into existence for the last nineteen years period people have witnessed more than 2000 performances of different plays staged by different theatre groups on its stage. Many prominent Directors have shown their worth through their theatrical skills on this stage. Punjab Naatshala has produced quite a number of popular national level artists.

Awards:

1. "Punjab Gaurav Sanman" by Punjab Arts Council, Punjab Year 2015.
2. "Shiromani Natakkar Award" by Bhasha Vibhag Punjab, Year 2008.
3. Life time achievement award by Punjab Art Council, Punjab, Year 2008.
4. Best Play Writer Award by Punjabi Sahet Academy Delhi for play "FAASLE" for the year 1992-93. and for the play "KUDESAN" for the year 1994-95
5. Natya Shree Award by Allahabad Natya Sangh in the year 1998-99.

I married Davinder Kaur in 1971. She is M.A (Economics) and retired as Vice Principal, Khalsa College for Women, Amritsar. Presently she is partner in "Sharp Agro Industries", 9, Industrial Focal Point, Amritsar

We have two sons. Amuldeep Singh, Post graduate in Mechanical Engineering and Abhijeet Singh, Bachelor in Commerce, LLB, MD, Sharp Industries Pvt. Ltd., Amritsar.

RANJIT SINGH DAHIYA

Roll No: 981 (MECHANICAL)

Mobile no: +91 9811418494

Address: House no 489, Sector 16-A, Faridabad -121002

Date of Birth: 7th October, 1946

Email: ranjitdahiya@gmail.com

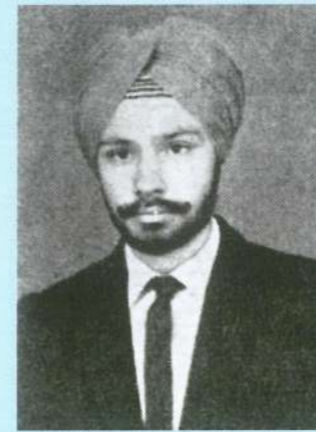

Date of Marriage: 2nd May, 1971

After a brief stint at Central Water and Power Commission as a graduate trainee, I joined HSEB on 14 February 1969. In 28 years with HSEB, I worked in various capacities in operation and distribution, transmission, design, thermal. In 1997, I took voluntary retirement as XEN to start my own company, Accutech Auto Pvt. Ltd. After 20 years of being an entrepreneur I decided to hang my boots. Though not entirely so! Now, with a bunch of friends, I try to give back to society in whatever way I can. We have constructed a community centre which has become a hub of various social activities.

My wife, Professor Indu Dahiya worked in the Higher education department for 37 years before retiring as Principal Government College, Faridabad. Post retirement she worked as the Honorary General Secretary of Haryana State child welfare council for 5 years. Now she dedicates herself to educating children from challenged backgrounds. In whatever little time she gets, she indulges in Digital art.

My son Anurag Dahiya, after completing his B.E. (Comp. Sc.), did MBA from IIM Kolkata and has been working in the corporate sector ever since. He is currently the Head of Content and Sales, Singtel, Singapore.

My daughter Dr Tanu Shree is a professor of Psychology and has done her doctoral research in Positive psychology. She is also a budding author and writes for some leading online portals. Her first book, "KEEP CALM AND MOMMY ON", is already in second print.

BHAJAN SINGH UBHI

Roll No: 982 (MECHANICAL)

Mobile No: +91 99998 85930

Address: House No. 115, Sector 15A, Faridabad, Haryana.

Date of Birth: 04th May, 1945

Email: bhajan.ubhi@gmail.com

Date of Marriage: 17th February, 1973

After my graduation, I started working in December 1968 for M/s IMC- VOGEL Industries (P) Ltd., Calcutta, manufacturing centrifugal pumps. I was promoted and was transferred to M/s Bareja Engg Industries (P) Ltd., manufacturing centrifugal pumps based in Gurgaon (Haryana),

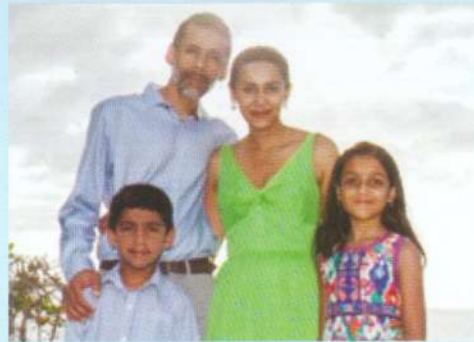

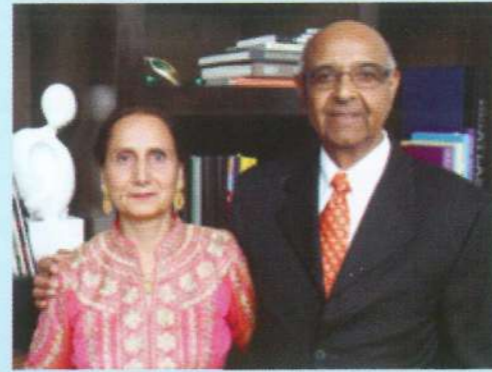

Nearly two and a half years later I moved on to a new position as a Tool Room Tool Design Engineer for M/s Hindustan Brown Boveri Ltd in Faridabad (now ABB Ltd), a multinational Swiss company, manufacturing electric motors.

In early 1978, I started a new assignment as a Design Superintendent with Hein Lehmann (India) limited, Faridabad, manufacturing industrial metal belts, actuators, nickel screens for sugar mills etc.

In February 1985, I was sent to visit M/s Bachmann Industries Inc, Lewiston, MAINE USA, to learn the manufacturing operations of Industrial Dampers, Valves, Butterfly valves and Gate Valves being used for thermal power plant flue gas cleaning systems. Then I was promoted to Chief Executive Bachmann Industries (India) Ltd., to look after Bachmann Industries (India) Ltd., Faridabad.

On 1st February 1992, I made a bold decision to start my own business and opened a factory in Faridabad, Haryana, manufacturing linear actuators, metal belts, rubber hose manufacturing plants SPM's etc. The business was very successful and doing well. However, my son did not join me and took up employment with Land Rover UK. After 22 years I closed my factory on 31st March 2014.

I married Harbans Kaur on 17th February 1973. We have a daughter, Maninder Kaur and son Satwinder Singh. Maninder is married to Daljit Singh who is a Chemical Engineer working with BP as a project manager. They live in London and have two boys. Satwinder is BSc Eng (Prod), MBA, is married to Amrit Kaur. They have a boy and a girl. He was appointed by Tata Elxsi and sent to Land Rover UK on 10/08/2002. Now he is working with Jaguar, Coventry, UK. in Design Deptt.

SANTOKH S NIJJER (MECHANICAL)

Address: 10919 6th Ave SW, Edmonton, Alberta (CANADA)

Date of Birth: June, 1946

Date of Marriage: January 1974

I served in the Border Security Force for two years, including training at the Takenpur (Gwalior) Academy. I moved to England (1971), then Canada (April 1972). For thirteen years I worked as a private consultant in the planning, design, construction, operation and maintenance of building facilities. Next, I joined the Dept of Infrastructure (Government of Alberta) and as Manager of Capital Projects, I retired at age 59. My projects included the development of schools, colleges, universities, residential and office towers, shopping centres, hospitals, and penitentiaries.

My wife, Neena and I enjoy our time around the world; a few months of the year in our second home in Phoenix (Arizona), a couple of months in India, and we spend another month discovering someplace new. We also visit our daughter Anoo and her husband Mandeep who have a daughter and son (Amrita and Arjun). They live in Vancouver, where they are practicing medicine (palliative and paediatric neurosurgery, respectively). In our summer months we spend time with our son Jason, his wife Rita and their children (Nirali and Sohil). Both are dentists practicing here in Edmonton.

SARWAN SINGH NAHAL (Mechanical)

Date of Birth: 4th April, 1946

Date of Marriage: 22nd January, 1975

After getting out of engineering college, worked two and a half years for General Reserve Engineering Force (GREF) as workshop in-charge for heavy road construction equipment, trucks and jeeps repair and overhaul. It was not very exciting to work in the Assam Mountains building border roads. Therefore, decided to go to Canada and got Canadian immigration in 1972. I worked for a couple of years in an oil refinery as power engineer and then decided to go back to a graduate school. Attended the University of Alberta, Edmonton, Canada and got M.S in Mechanical Engineering in 1977. The job opportunities in the engineering field were scarce in Alberta at that time and then I decided to get immigration to U.S.A after graduation. Moved to United States in early 1978. Worked with two private manufacturing companies as an industrial engineer in Minneapolis, Minnesota for ten years until 1988. In the meantime I had also taken a Registered Professional Engineer's License in the State of Minnesota. In end of 1988 started working with the Department of Defence in St. Louis, Missouri as Aerospace Engineer and worked there until 1996. At the end of 1996 I took another engineering job with the same Department in Indiana, where I am currently working and planning to retire soon.

I got married in 1975 to Ranjeet Kaur Dhillon and have two sons. The older one is married and working with Boeing as a financial analyst in Seattle and his wife is teaching at the University. The younger one is not married yet, owns a franchise business and is living with us in Indianapolis, Indiana.

Address: 588, Sector 18B, Chandigarh

Date of Birth: 20th June, 1945

Date of Marriage: 2nd October, 1971

After graduating in Mechanical Engineering from the great alma mater Guru Nanak Engineering College, I joined Nawanshehar Cooperative Sugar Mill as a shift Engineer. After two years, I shifted to Thermal Plant Nangal as shift in charge and then to Thermal Plant Bhatinda in its construction. In 1972, I was selected Assistant Director of Factories through Punjab Public Service Commission and posted at Amritsar. When I was posted at Patiala, I did L.L.B from Punjabi University by attending evening classes. I served as Deputy Director of Factories at various Districts in Punjab and retired in 2003 as Addl. Director of Factories Punjab. My family came from Pakistan after partition in 1947. After rough and tough times, we settled in a backward village, Mallo Majara in Jalandhar Distt., now in Nawanshehr district. When I completed my Engineering, I shifted my agricultural land to Patiala and settled there. We remained in Patiala for 28 years and shifted to Chandigarh in 2001.

I got married to Sawinder Kaur, who is still managing my home affairs. We are blessed with two daughters and a son. Elder daughter is MA, MBA and married to an IRS Officer, who is Commissioner, Income Tax and settled in Punjabi Bagh New Delhi. Second daughter is Dental Surgeon and married to an Engineer from IIT Delhi, MBA from a prestigious Institute and running his own business at Noida and settled there. Our son is an Engineer, from GNE College, MBA and working as Senior Manager in Punjab Agro Industrial Corporation limited (A State undertaking). He is married to a very affectionate and sweet girl, who is a graduate Engineer from PEC and did Post graduation from Chicago USA. My son is posted in Chandigarh and resides with us.

Retired life: Enjoying life, reading books, doing social work and looking after my Agri. farm at Patiala. **BABA JI DI FULL KIRPA HAI.**

THE GOLDEN YEARS [From 60s to Now]

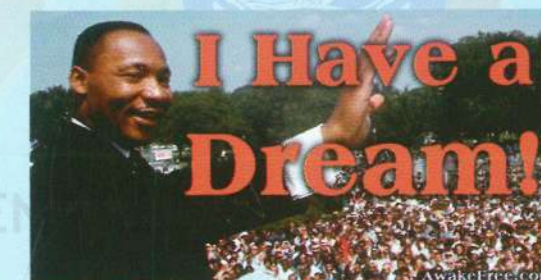

This is an attempt to relive the last 50 plus years, a parallel between our lives and what happened around us. As we grew up and progressed through life, India and the world changed too. The focus here will be on India, with some international mentions. Please note that this is not History or Politics. Most of the information has been compiled by Mrs. Sarita Dhall from GOOGLE and WIKIPEDIA.

THE SIXTIES

This was the decade when we were youngsters moving into adulthood, with big dreams and uncertainties about the future. The strict discipline of school was over and we looked forward to the freedom of college life. That, however, came with responsibilities!

A lot was happening in India post Independence. Gujarat and Maharashtra were created out of Bombay State in 1960; Punjab was divided and Haryana came into existence in 1966. After the death of two Prime Ministers, Jawaharlal Nehru in 1964 and Lal Bahadur Shastri in 1966, we got our first woman Prime Minister, Indra Gandhi.

India was involved in two wars; 1962 against China and 1965 against Pakistan. During the Indo-Pak war, some students from our batch, who were NCC Cadets, were on active duty guarding some key installations in Ludhiana.

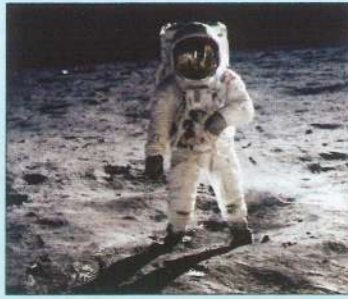

In USA, President John F. Kennedy was assassinated in 1963, his brother Robert Kennedy in 1968. Martin Luther King Jr, civil rights leader, greatly influenced by Mahatma Gandhi, was assassinated in 1968.

India's golden era of Men's Hockey saw the team win GOLD in the 1964 Olympic games. In the 1960 Olympics they had to settle for SILVER. It was heartbreak for the country when Milkha Singh, the Flying Sikh, narrowly missed the Bronze medal in the 400 mtr. in the same games in Rome.

1969 was the year when Neil Armstrong became the first man to set foot on the moon. Edwin Alldrin followed. Michael Collins continued to orbit in Apollo 11

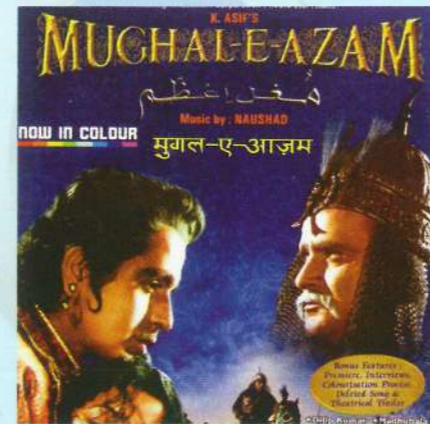

(One small step for man, one giant leap for mankind)

For entertainment we had the radio and cinema. Who can forget Binaca Geet Mala broadcast by Radio Ceylon? Ameen Sayani, in his inimitable style, hosted the Hit Parade and we all waited for the Sartaj Geet. This was the first radio countdown show of Indian film songs.

(Ameen Sayani, 85 now and still going strong)

Bollywood's golden era. This decade had some of the best films and songs of all times. Whether it was Mughal-E-Azam, Waqt, Hum Dono, Kohinoor, Sangam, Aradhana, Junglee, Chaudhvin Ka Chand or Dosti, it was memorable. How many actually bunked classes to watch these movies?

In 1966, Reita Faria became the first Indian girl to win the Miss World title.

एअर इंडिया AIR INDIA Air India was the first Indian airline to operate a direct connection to the US in 1960.

After years of research, Philips developed the Compact Cassette in 1963.

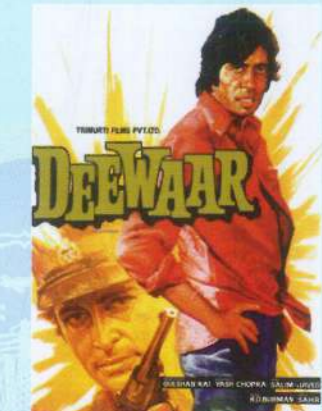

We graduated in 1968, completing an important phase of our lives. Most of us searched for and secured jobs. Some of us decided to enhance our qualifications.

THE SEVENTIES

This was the decade where our ultimate futures were decided. We entered the fields we were to pursue in the long run. Further qualifications were acquired. Most of us got married during the 70s and shouldered the responsibilities of work and family. With the birth of children we realised how unprepared we were for this role. Life is a learning experience, so we learned!

During this time we had three personalities who were responsible for changing the outlook of Indians. Sunil Gavaskar, one of the greatest opening batsmen, gave the team a sense of professionalism. He held the record of 34 test centuries for almost two decades. Things improved and over a period of time, cricket almost became a religion.

Amitabh Bachchan, in most of his films did not portray the handsome, good guy; he was the angry young man - a reflection of the tough life of urban Indians. His roles depicted the fight against corruption, things we are dealing with even today. With successive hits, he became the nation's idol.

Indira Gandhi, the only woman Prime Minister of India, was known to be politically ruthless. She supported the independence movement in East Pakistan and engaged in a war with Pakistan in 1971. India was victorious and Bangladesh was created. India's stature rose and was considered a centre of power in South Asia. However, Mrs. Gandhi's decision to declare Emergency and suspend basic civil liberties and curb press freedom, was opposed nationwide.

Sikkim became India's 22nd state after a referendum was held.

Democracy was alive in India. In 1977, the ruling party lost and an alternative to the Congress emerged. Morarji Desai was sworn in as the first non Congress PM.

This period was witness to the Green Revolution. Productivity of food crops increased and Punjab became the granary of India. Operation Flood resulted in improving the rearing of livestock and enhancing milk production. India became self sufficient and ended food imports.

Mother Teresa (Saint Teresa now) was awarded the Nobel Prize for Peace in 1979. She dedicated her life to looking after the poor and destitute. She inspired many others.

Badminton took a major leap with Prakash Padukone (Father of Deepika Padukone), emerging as the Indian National Junior and Senior Champion in 1972. He remained so for the next seven years. He was the first Indian to win the Men's singles GOLD MEDAL at the 1978 Commonwealth Games.

Bollywood gave us some masterpieces during the seventies: Anand, Mera Naam Joker, Koshish, Deewar, Ankur, Bobby, Chupke Chupke, Sholay, Amar Akbar Anthony, Hare Rama Hare Krishna and so many more.

In technology, SONY developed the WALKMAN. We had music on the move!

VHS, developed by JVC in the early 70s was released in Japan in 1976 and in the US in 1977. It had a long run of 41 yrs before giving way to newer technology.

THE EIGHTIES

Most of us would have been concerned about career progression, savings and planning for the future. With the launching of the Maruti 800, the people's car, in 1983, many rushed to be first time car owners. We had come a long way from riding bicycles to college.

India was euphoric and celebrating the first Cricket World Cup win in 1983. Against all odds, the team put in a magnificent performance under the captaincy of Kapil Dev, the boy from Chandigarh. In 1986 Gavaskar became the first batsman to score 10,000 runs.

The world of badminton was finally conquered in 1980 by Prakash Padukone, who became the first Indian to win the All England Open Championship. He went on to win three world championships.

P.T. Usha, the queen of track and field events, gave India many gold and silver medals at the Asian events but just missed the bronze in the L.A. Olympics in 1984.

Major reforms resulted in a boost for economic growth in India. Inflation was stable. The stock market saw a revival. The Open General License list was expanded.

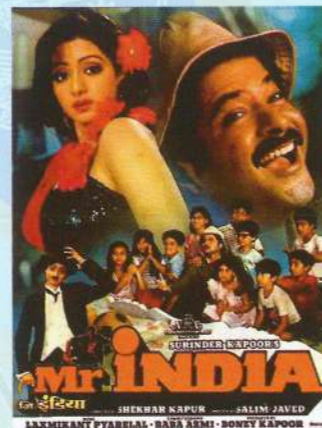

Two tragic events mar this decade. Mrs Gandhi's assassination in 1984, followed by the anti-Sikh riots, is one of the saddest periods in our nation's history. So many innocent lives were lost. The second is the Bhopal Gas tragedy in December 1984.

Figures of casualties are not confirmed but thousands were injured and hundreds of deaths were reported. Many people are still suffering from the long term effects of the gas leak.

The mid 1980s saw the arrival of colour television in our country. It was a status symbol to own a colour TV during the early period. "NEIGHBOUR'S ENVY OWNER'S PRIDE"

India finally got on the list of Academy Award winners when Bhanu Athaiya won the Oscar for Best Costume in 1982 for the film Gandhi. This film won 8 Oscars, the first time an Indian story was on the winning podium.

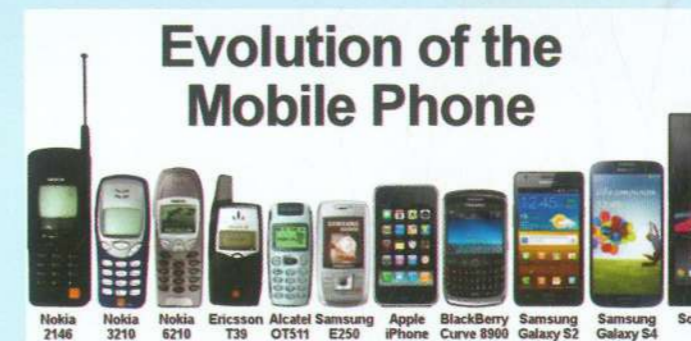

From Hollywood to Bollywood. This decade gave us some exceptional films on serious topics. We had Masoom, Sadma, Saraansh, Ardh Satya, Parinda and Arth; full entertainment value from Jaane Bhi Do Yaaron and Mr India. Romance could not be forgotten, so we had Qayamat Se Qayamat Tak and Ek Duje Ke Liye. A silent film, Pushpak was released in 1987.

Infosys, the second largest IT company in India, was founded in 1981 in Pune but relocated to Bengaluru in 1983.

THE NINETIES

This decade really changed our way of life. Personally, this was the period where our careers were peaking, our first born children were in college and we started thinking about retirement plans.

From 1991 to 1996 was the age of economic reforms. Dr Manmohan Singh opened up globalization and liberalization of our economy. Trade dramatically increased. In 1995 VSNL launched the INTERNET for public. Around the same time, MOBILE PHONES came to India. We have all experienced the stupendous changes that these two developments brought into our lives. From the time when even a landline phone was a luxury, we moved to having a phone any where any time. The internet expedited written communication and receiving information.

Cable TV began transmission in 1992. After the DOORDARSHAN monopoly, we all welcomed Star plus, BBC and Prime Sports. Zee TV and ESPN became household names. We can all remember the thrill when we experienced watching the LIVE telecast of Sushmita Sen winning the Miss Universe title and Aishwarya Rai being crowned Miss World; both Indian beauties victorious in 1994.

Calamities struck India twice, the first being the earthquake in Latur, in 1993, which killed more than 30,000 people; and then the plague in Surat, in 1994, which left many dead and led to 500,000 people moving out of the area.

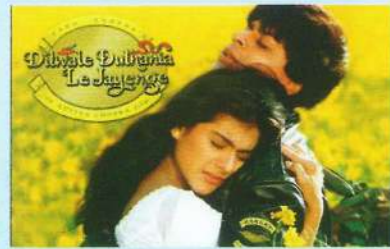

Violence and hate disrupted our peace loving country. The 1991 assassination of Rajiv Gandhi by a suicide bomber left the whole world shaken. The demolition of the Babri Masjid and the Gujarat riots in 1992 proved that communities were not living in harmony. The bomb blasts in Bombay, the following year, were warning signs of larger dangers lurking.

In technology, DVDs entered the market, to slowly drive VHS out. The year was 1996.

Sachin Tendulkar was on the way to becoming the God of Cricket. His phenomenal scoring began in this decade and continued well into the next one.

The films that were box office hits included Pardes, Vaastav, Hum Apke Hain Kaun, Saajan, Border and Kabhi Haan Kabhi Naa. Songs from films like Dilwale Dulhania Le Jaayenge, 1942 A Love Story and Kuch Kuch Hota Hai topped the charts and remain popular till today.

The Saint of Calcutta, Mother Teresa, passed away in 1997, just a few days after the death of Princess Diana in a car crash. The world mourned the loss of both well loved and admired women.

In sports, Leander Paes gave India its first Olympic medal in tennis by winning the Bronze in the 1996 Atlanta Games.

In 1998, with Operation Shakti, India rose as a nuclear power. This programme was led by Dr. A.P.J. Abdul Kalam and Dr. R. Chidambaram.

From May to July 1999, India was involved in armed conflict with Pakistan once again. This is the Kargil War where Operation Vijay was conducted in extremely harsh conditions and India emerged victorious.

With so much happening during these 10 years, we had a grand Golden celebration of our Independence in 1997. India had come a long way, but still had more to do

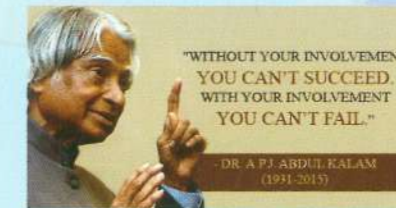

THE NEW MILLENNIUM

Worldwide there were apprehensions and fears before the beginning of the new millennium. Chaos was predicted as computers were expected to crash, systems would not operate and flights would get disrupted if they were not Y2K compliant. The dawn of year 2000 brought new hopes and aspirations as the fears were allayed. Everything functioned normally.

The billionth Indian citizen was born in May 2000. Our population explosion continues. Three new states came into existence in 2000: Chattisgarh was formed by partitioning 16 south eastern districts of Madhya Pradesh; Jharkhand was carved out of the southern part of Bihar and Uttarakhand was created from Himalayan and north western districts of Uttar Pradesh.

Lara Dutta was crowned Miss Universe 2000. The same year US President Bill Clinton visited India to improve ties.

2002 - 2007 was the Presidential tenure of scientist turned statesman Dr. A.P.J. Abdul Kalam, after whom Mrs Pratibha Patil was sworn in as the first woman President of the country.

WAR ON TERROR is a phrase coined at the beginning of the 21st century, a reaction to the attacks in USA in September 2001.

During this first decade of the millennium, India suffered massive casualties due to two natural disasters. The Gujarat earthquake in 2001 resulted in over 30,000 deaths. The earthquake and tsunami at the end of 2004 devastated the southern coast of India and the Andaman and Nicobar Islands. It brought havoc to 14 countries including Indonesia and Sri Lanka. The estimated death toll is 280,000.

India's peace and harmony was shattered very frequently in the years from 2001 to 2008. The suicide attack on Parliament in 2001, killed several security personnel. The 2002 Godhra massacre leading to inter religious bloodshed is still vivid in our memories. Bomb blasts in Mumbai, Delhi and Ahmedabad left more than 350 innocent people dead. Gunmen almost laid siege to the financial capital of India, Mumbai, in 2008, killing 200 and injuring hundreds.

Whether it is natural disasters or acts of terrorism, the Indian Armed Forces are always with us in the hour of crisis and lend a helping hand beyond the call of duty. **A BIG SALUTE TO THEM.**

In 2008 India launched its first mission to the moon - **CHANDRAYAAN 1.**

FM Radio: RADIO CITY was the first private FM radio station to broadcast from Mumbai in 2001. All major cities followed suit. We have approximately 250 FM stations now, and the number is growing.

The glorious time of sports in India had begun. In Test Cricket we achieved the No 1 rank. Sachin Tendulkar continued his run spree. In ODIs, the aggressive Captain, Saurav Ganguly, led the team to the finals of the World Cup in 2003. India was the winner of the first ICC World Twenty 20 Tournament held in 2007. We had a new Captain, the cool and calm M.S. Dhoni. It was in this tournament that Yuvraj Singh hit six sixes in one over in the match against England.

In other Sports India did well. Karma Malleswari became the first Indian woman to win an Olympic medal. At the Sydney Games, she won a Bronze medal in weightlifting. Shooting gave us a Silver medal at the Athens Olympics in 2004. The winner was Rajyavardhan Singh Rathore. India's first individual Gold medal was won by Abhinav Bindra, (for 10 m air rifle shooting) in 2008 at the Beijing Olympics.

In 2005, Anju Bobby George, the long jump champion, won Gold at the IAAF World Athletics and Pankaj Advani became the World Billiards Champion. Viswanathan Anand won the World Chess Championship, while Geet Sethi won the Snooker World Title. In 2009, Saina Nehwal became the first Indian to win a Badminton Super Series Title.

Some brilliant films were released during this time. Amir Khan seems to be way ahead of all the others with Lagaan, Dil Chahta Hai, 3 Idiots, Tare Zameen Par and Rang De Basanti. We cannot forget the hugely entertaining Munnabhai MBBS and Jab We Met. Swades, The Legend of Bhagat Singh and Chak De India inspired patriotism. Some thought provoking films were A Wednesday, Dor, Iqbal and Company.

The beginning of the 21st century saw almost every major car company in the world establish manufacturing facilities all over India.

2004-2005 was the time when half a dozen low cost airlines entered the Indian Market. India has the potential of becoming the third largest aviation market by 2020.

THE CURRENT DECADE

By 2010, most of us had retired, our children were married, and we were grandparents. We looked forward to Senior Citizen benefits and a peaceful life. The responsibilities, however, never end. Some of us are involved in the running of the family business, others in the upbringing of our grandchildren.

The Commonwealth Games of 2010 were held in New Delhi. In spite of all the hiccups and scams, everything went well and India got a further boost in this field.

After successfully running a cricket league, IPL, we now have leagues for football, hockey, badminton and Kabbadi, supported and owned by sports personalities and Bollywood stars. Indian men and women are among the top ranked players of the world in badminton. P.V. Sindhu and Saina Nehwal have made us proud. Mary Kom, 5 times world boxing champion, is a household name. Sania Mirza has been ranked the top player in women's doubles in tennis. The Phogat sisters (wrestlers) from Haryana inspired Amir Khan to make the hugely successful film, Dangal.

Real life stories were transferred to reel as Talvar, Airlift, Neerja and Sarbjit. Sensitive issues were dealt with in Piku, Vicky Donor, Uda Punjab, Aligarh and Pink. Indian cinema was dealing with varied subjects and the public gave a very positive response to films like PK, Queen, Highway, Toilet - Ek Prem Katha and Kahaani. Sports personalities are the new flavour of Bollywood; Mary Kom, Bhaag Milkha Bhaag, M.S.Dhoni - The Untold Story and Sachin - A Billion Dreams. Amitabh Bachchan, at age 75, continues to be the Shahenshah of Bollywood, The Star of the Millennium. He has hosted eight out of nine seasons of Kaun Banega Crorepati.

ISRO launched MANGALYAAN, its Mars Orbiter Mission in 2013. This space probe is orbiting Mars since 2014.

WHO certified India as a polio free nation in 2014. A huge nationwide campaign helped to raise awareness.

2011 will be remembered for 2 reasons which brought the country together; Anna Hazare's anti corruption movement, and India winning the Cricket World Cup. Sachin Tendulkar announced his retirement from cricket a year later. He is the only cricketer to have scored a hundred centuries across all formats of the game.

Manushi Chillar, the medical student from Haryana, gave us a lot to cheer about when she was crowned Miss World 2017.

Demonitization and the introduction of the GST are major economic reforms, the results of which are expected to boost the economy.

At the age of around 60 years, we had to learn to use the mobile phone, the computers and iPads, get used to Press 1, Press 2 for information and make passwords and remember codes. Our children were our teachers, now the grandchildren can guide us. We are in the Digital Age! App based and online services are time saving and convenient. Mobile phones, which were meant for communication initially, have become our lifelines. They have replaced landline phones, watches and clocks, cameras, radio, television and even computers. The negative aspect is that mobiles have made interaction, impersonal. All our greetings and interactions are on WhatsApp and Facebook. Personal cards are not sent any more.

GJC is a wonderful example of how technology can bring people together from all over the world. Let us hope we can stay in touch, in spite of a fifty year gap. Wishing all GENCO 68 Engineers and their families good health, happiness and success.

STAR OF OUR BATCH

The only girl in a batch of 180 students, Harkirat Kaur stood out, but not just for this reason. She was one of the most brilliant and constantly amongst the toppers. Many of our batch mates went for higher studies and completed their Masters. Harkirat attained her M.Tech degree from the University of Roorkee, (specialization in Automatic Control and Servomechanisms) and was the winner of the GOLD MEDAL.

M.Tech and PhD (Electrical and Computer Engineering) from McMaster University, Canada followed. She published her research papers in Proceedings of IEEE & IEEE Transaction Circuit Analysis and Systems. From all the information received about engineers from GENCO 68, she seems to be the only one with a Doctorate. WELL DONE!

She began her teaching career at our alma mater immediately after graduation and is still associated with the Electrical Engineering Department as Adjunct Faculty Professor. Dr Harkirat Kaur has officiated as Principal of Guru Nanak Dev Engineering College. Being a true academic, she continues to teach at the Guru Granth Sahib World University, Fategarh Sahib.

We fondly remember her as a simple girl, with two braids. A chronic front bencher, a very bright student. She still maintains that smiling image.

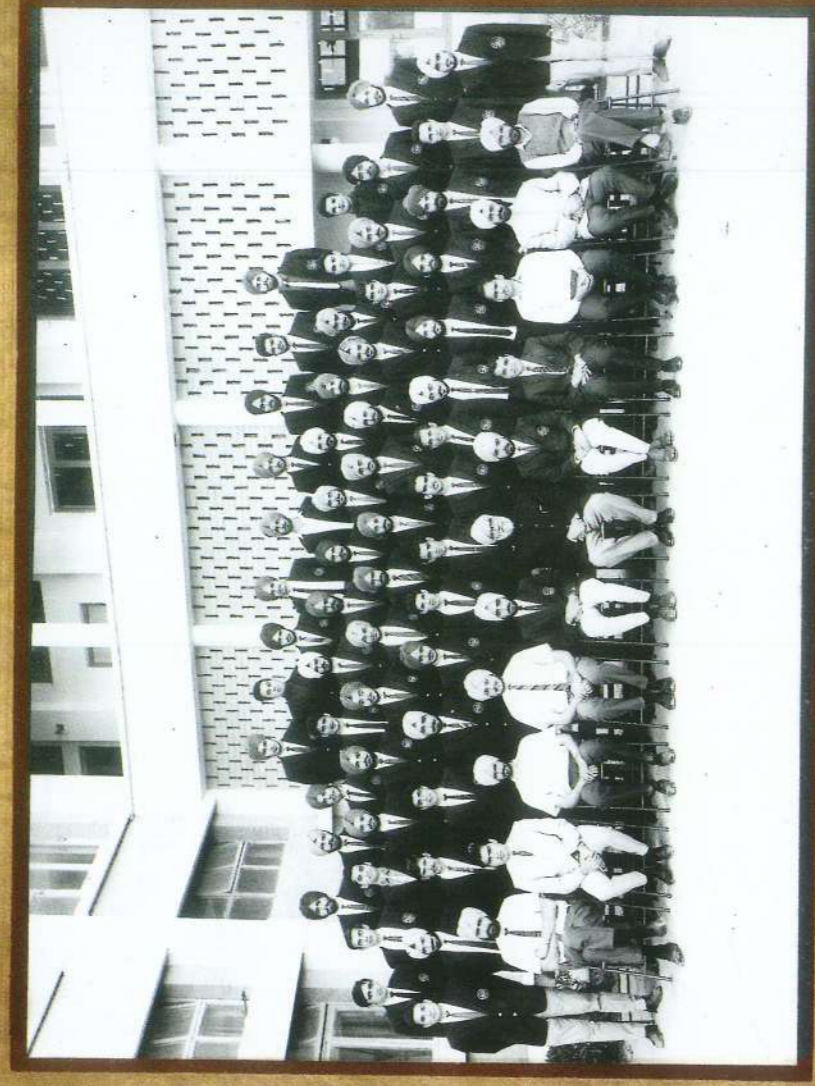

She has been in touch with a number of alumni as she is President of the Alumni association. She has been instrumental in initiating the setting up of the Alumni Home on the college premises. It is a beautiful building with four well furnished rooms (with attached bathrooms), a lounge and dining area. The Conference Room can seat more than 30 persons. This place is managed through an office. Alumni help whenever required.

For the Golden Jubilee Celebrations of our batch, she has been extremely helpful in coordinating with the College officials to make all the arrangements for the big day. Accommodation arrangements for out of town participants have also been organized by her.

Dr. Harkirat Kaur set an example for others to follow when she was undeterred by the daunting task of surviving four years in a totally male environment. She is from an era when **BETI BACHAO BETI PADHAO** was not a slogan. Full credit to her respected parents and to her. She not only survived, but thrived. She is definitely a role model, the STAR of our batch!

WE MEET TO PART, PART TO MEET

AVTAR SINGH DHANDE

Roll No: 1001 (ELECTRICAL)

Tel No: 001-416-258-2332 Mob No: +91 9417527475

Address: H. No. 176-177, Model Gram, Near Kochar Market Ludhiana 141002
 & 56 Ungava Bay Road, Brampton Ontario L6R3M2, Canada.

Date of Birth: 10th September, 1943

After passing B.Sc engineering, I applied in various departments but could not get a proper job. In 1971, I joined P.S.E.B as foreman in Diesel Sub Division, Sirhind on adhoc bases. After 2 years, I left the job and planned to start a business in partnership with Amrik Singh Benipal, 1967 engineer friend. We established Amrit Ice Factory at Gill road, Ludhiana in 1973-74. We added additional machinery in Ice plant to chill milk and started trading milk to Nestle and other milk plants around Punjab in insulated milk tankers. My brothers and I lived in a joint family in our village. As agriculture was our main stay, I helped in using modern farming methods and setting up some agriculture related businesses as commission agents at Samrala and later on in rice shellers. I had been Sarpanch of my village during Kharkubad from 1983 to 1998 and member of Distt. Planning and Development Board Ludhiana. I mostly stayed at Ludhiana. In 1995, Amrik Singh left the partnership and the factory is still running, managed by my nephew.

I got married to Hardamanpal Kaur, M.Sc. B.Ed, in June 1976. My wife served as teacher and principal in private schools. We have three daughters; Gurjyot 1977, Kiranjyot 1981, Jeevanjyot 1987. Eldest daughter is B.D.S Gold medalist but could not get a proper job in Punjab, so we applied under skilled category in 2002 for Canada. In the mean time, she got married to an engineer settled in Canada. They have three daughters. Middle daughter is M.A. English, M.Ed. She got married to an engineer settled in Canada, in 2007. They have a daughter and a son. In 2008 we and our youngest daughter got P.R. of Canada and moved there. Jeevanjyot did M.Tech and is a professional Engineer. She married Hardilpreet Badhesha, M.Tech U.S.A. They have a little daughter and are settled in Canada.

We are both retired now and stay few months in India and the rest in Canada.

AWTAR SINGH KAHLON

Tel No: +1 248 865 9545
 Mobile No: +1 248 939 1491

E Mail: askahlon@aol.com

Address: 30269 Overdale St. Farmington Hills, Detroit, MI, 48334

Date of Birth: Nov 20th 1946

Date of Marriage: July 14th 1974

My career started with the job in manufacturing (Industrial Cables at Rajpura). After 3 years I joined PSEB and was there for 10 years. In 1982 moved to USA (New Jersey). My first USA job was in quality control in Aerospace parts manufacturing. I then moved to Sales and thoroughly enjoyed it. Back of my mind, it bothered me that I was not doing engineering. Found an opportunity in the automotive industry and joined Chrysler Motors. This made me to move to Detroit, Michigan (motor capital of the world). I specialized in Advanced Manufacturing and technology transfer. Technology transfer activities helped me to learn the manufacturing systems and work ethics of Germany, Austria, France and Italy. Every three years, I worked on new product (Car/Truck/Jeep) launch and to setup new/rework automotive plant for manufacturing this new product. After 23 exciting years at Chrysler/Daimler-Chrysler/Fiat-Chrysler, I retired in 2008. Now I am enjoying golden years and learning to play golf, stock market and having a great time with grand kids. It is wonderful to connect with friends from GNEC 1964-68 and one of my ongoing activities will be to bond with them.

Jagdish and I got married in 1974. We have two kids, Dildar and Daljinder (son and daughter) and three granddaughters (Annika, Asha and Sahana). Dildar is an IT professional with MBA and he lives local. Daljinder (PHD Chemistry) works at Echo Labs Chicago in Water related field. We are inviting all from GNEC 1964-68. If you are visiting this part of the world, please visit and stay with us.

AJMER SINGH KHANGURA

Roll No: 1004 (ELECTRICAL)

Mobile No: 91 98721-63471

Address: 120- A, Raj guru Nagar, Ferozepur Road, Ludhiana

Date of Birth: 1st July, 1946

Date of Marriage: 6th December 1970

After the declaration of results of B.Sc (Engineering) in the year 1968 I was selected for training as apprentice engineer by Govt. of India and I took training in Punjab State Electricity Board for 1 year. In year 1969 I was selected for the post of Apprentice Engineer in Punjab State Electricity Board. I joined as an Apprentice Engineer in May 1969. After successful completion of apprentice period, I was promoted as Assistant Engineer and I served as Sub-Divisional Officer Distribution at Rahon (Nawanshahar), City Sub-division Phagwara, Ahmedgarh, Tubewell construction Sub-divisions Jagraon and Hoshiarpur

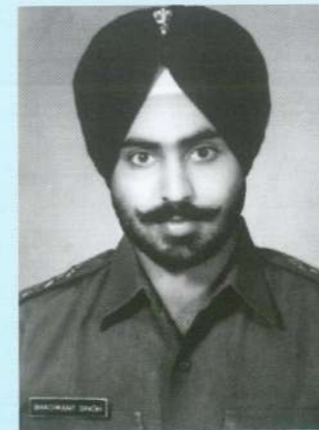

Then I got promotion as Assistant Executive Engineer and served in Protection Division for seven years at Pathankot and planning organization at Head office Patiala for 2 years.

I was promoted as Sr. Xen in the year 1985 and served in Protection Division Ludhiana up to 1992. Then I served as Sr. Xen distribution Division at Adda Dakha for 4½ years, Mobile Meter Testing Squad Ludhiana for two years and P & D Cell, Ludhiana.

I was promoted as SE in the year 2001 and served as Controller of Stores Patiala, City West circle (Distribution) Ludhiana, and Director Mobile Meter Testing Ludhiana.

I was promoted as Chief Engineer in the year 2003 and served as Chief Engineer, Distribution (Central) Ludhiana till my Retirement on 30-06-2004.

I got married in Dec. 1970. My better half is a housewife. We have two sons now aged 45 and 40 years respectively. Both our sons with their families are permanent residents of New Zealand and doing decent jobs there.

BHUPINDER SINGH HUNDAL

Roll No: 1008 (ELECTRICAL)

Cell No: +1 630 802 2179

E Mail: hundalb@yahoo.com

Address: 17, Rolling Hills Dr. Barrington Hills, ILL 60010 USA

Married Harinder Kaur in 1977. We have three sons.

After graduating in 1968, I spent about two years in improving the condition of our village. With the co-operation of other young men in the village, we improved streets, the school, set up a brand new library, new clinic etc. Migrated to USA in May of 1971. After working for 2 years with an office equipment distributor, started own business in the same line. In late 70's took courses and exams in financial services industry and joined a big financial firm in early 1981 as a Financial Advisor and now retired in 2017. Family owns a business dealing with manufacturing and distribution of Audio Sound systems. After graduation, my boys are running this business. I am involved in this in an advisory role. In early 2015, along with other NRIs, we formed an organization called 'Friends of Punjab Foundation' to help poor families in higher education, widows, handicapped persons and elderly people without children. We are also helping struggling farmers to adopt alternate farming etc.

This foundation is a not for profit partnership between NRIs and concerned Punjabis. A few villages are already adopted by these NRIs and the numbers are growing. www.friendsofpunjabfoundation.org will give more details of my current activities.

CHAND RAM DAHIYA

Roll No: 1011 (ELECTRICAL)

Mobile No: +91 9810790303

Email: dahiyacr@gmail.com

Address: House No. 1277, Sector-19, Faridabad 121002, Haryana (INDIA)

Date of Birth: 4th April 1945

Date of Marriage: 9th March 1970

I worked my way through the lanes of Villages and moved out to Rohtak for my schooling & Pre-Engg. Following which, I pursued Electrical Engineering at GNDEC Ludhiana. After Graduation, I joined Haryana State Electricity Board (HSEB), now called HPGCL (after restructuring) as an Engineer, worked through various departments/locations across Haryana, and retired as Chief Engineer-Thermal, Faridabad and settled in Faridabad, Haryana.

In March 1970, I married Uma Rani Sirohi. She worked in Haryana Higher Education Department initially as a Lecturer, later Associate Professor and HOD Hindi before she retired from service in July 2005. She left us for her heavenly abode in 2013.

We are blessed with a son Himanshu Dahiya and a daughter Richa Dahiya Ahlawat.

Himanshu pursued Mechanical Engineering from REC Kurukshetra followed by MBA Marketing from BIM-Trichy. He is currently settled at a senior position in Maruti Udyog Ltd., (Marketing). Himanshu got married to Neetu Singh, M.Tech. (Food Technology). They are blessed with a daughter and a son.

Richa is Post Graduate in Branding and also an MBA, worked as HOD Communications with Unitech Ltd for many years and is now self employed and runs her own Online Set-up. She is married to Vikram Ahlawat a Banker. They are blessed with a son and currently settled in Dubai (UAE).

DAVINDER MOHAN DHALL

Roll No. 1012 (ELECTRICAL)

Tel. No. +91 11 42480832

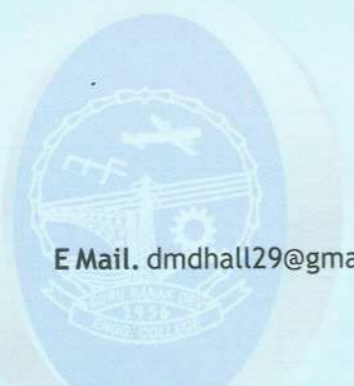

Mobile No. +91 9910763387

Address. E-8, Naraina Vihar, New Delhi-110028 (INDIA)

Date of Birth. 28th September, 1947

After passing out from GNDEC, Ludhiana, I worked for two years in Delhi as Illumination Design Engineer in National Industrial Development Corporation. In January, 1971, I joined AIR-INDIA as a Ground Engineer and worked there till 1987 in various positions. During my 16 years tenure in AIR-INDIA, I had the opportunity of flying with various VIPs. I have flown with the Presidents and Prime Ministers of that era, as the accompanying engineer. In June 1987, I resigned from AIR-INDIA and joined the newly launched EMIRATES AIRLINE in Dubai. I was the first Indian Engineer to join the largely European Group. I worked there for 25 years and retired at the age of 65 in 2012. We moved back to Delhi, where I am settled now.

Sarita became my life partner in 1975. She has done M.A (Sociology). We have three children. The eldest is our son Saurabh, an MBA from UK. He is working in Delhi in Cognizant. He is married to Tanya, who runs her own online business. Our younger son Vaibhav did his Masters in Eco Tourism from UK and is settled in Boston (USA). He is working in Ecova, a Sustainability and Energy Management company. His wife Akshata, has just completed her Ph.D in Neuroscience and Behaviour, from the University of Massachusetts. The youngest is our daughter Ambika, a double graduate from Toronto, Canada. She is working in Dubai as a Special Needs Teacher. Her husband Tarun is an M.B.A and works for a large e-commerce company. The eldest son has two daughters. The other two are still to expand their families.

Date of Marriage. 19th January, 1975

DHARAM CHAND KAUSHAL

Roll No: 1014 (ELECTRICAL)

Mobile No: +91 9971933265

E Mail: dckausal@yahoo.co.in

Address: C-426, Divya Jyoti Appts. Sector-19 Rohini. Delhi-110089 (INDIA)

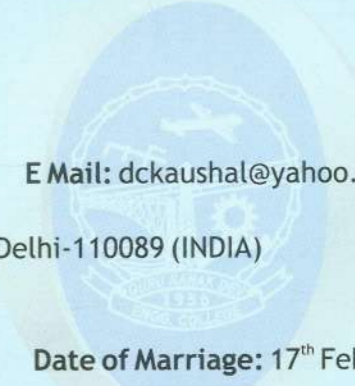

Date of Birth: 4th June, 1945

Date of Marriage: 17th February, 1972

After passing out from GNDEC, Ludhiana, I joined Small Scale Industries in Amritsar due to family circumstances and to avoid unemployment period. Then I joined PSEB at GNTP Bhatinda in 1972. From there I joined BHEL (A Govt. Of India Undertaking) in Power Sector Delhi in 1975 and worked with various customers like BSEB, PSEB, HSEB, UPSEB, RSEB, NTPC, IOCL, AEPC and THDC in various Thermal, Refinery, Atomic Plant and Hydro Plants. I had the privilege of being associated with India's First Super Thermal Power Station at Singrauli (UP) from 1981 to 1988. The capacity of the power station was 5X200MW and 2X500MW.

I retired from BHEL (PSNR) in 2005. After retirement I joined Thermax India Ltd Poona and afterwards NDPL (A joint venture of Delhi Govt. and Tata Power). Finally I took retirement from NDPL in 2011.

I married Meena in 1972 and we have two children. My son, a Graduate of Computer Engineering and MBA is working with Bharti Enterprise (Airtel Group) as General Manager at Gurgaon. My daughter, after graduation, joined job in Delhi. Now she is working with NIIT as Senior Manager. Both are settled with their children at Gurgaon and Noida. We both are enjoying our retired life in Rohini, Delhi.

DIDAR SINGH BAJWA

Roll No: 1016 (ELECTRICAL)

Tel No: +1 780 4628690

Mobile No: +1 403 8288743

E Mail: darbajwa@gmail.com

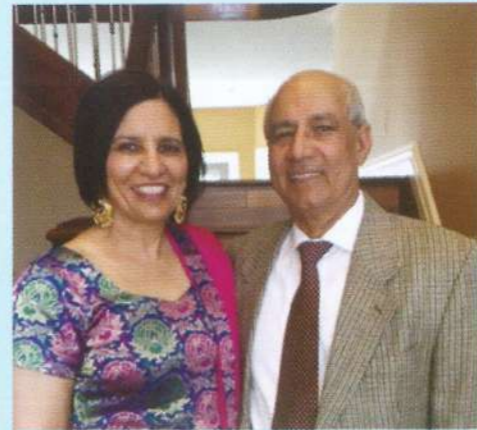

Address: 6723 17 Avenue SW, Edmonton Alberta, Canada T6X 0G8

Date of Birth: 12th March, 1948

Date of Marriage: 12th March, 1979

After graduation from GNDEC, Ludhiana, I left for Canada in 1972 after three years association with PSEB. I completed my M.Sc. Electrical Power Systems from University of Manitoba, Winnipeg in 1976. I started my professional career with Swiss company Brown Boveri Canada (now ABB) designing and commissioning static excitation systems for Hydro and Thermal Generators. In 1981, I joined SNC Consultant as Lead Electrical Engineer where I had the opportunity to design and commission Idukki Hydroelectric Project Phase II in Kerala state (3 -120MW units). Unique life experience was working as an electrical generation engineer for Northwest Territories Power Corporation (NWT Power) from 1989-94. It provides electrical generation and distribution in Northern Canada spanning east coast to west coast and 60th parallel south to 74th parallel north. I was the first Indian born electrical engineer who ventured to work in Tundra of Canada. Since 1994 I worked as Project Manager, Head Electrical and Senior Electrical Engineering Specialist for various companies. In 2000, I started my own company "GNE Consulting Ltd." to work as an independent consultant for Canada's largest oil company Suncor to provide technical expertise in the field of electrical generation and HV power distribution. I am still working there.

I married Daljeet in 1979. We have two children. Our son Lovejeet has a law degree from University of Western Ontario London and is a member of Law Society of Alberta, He recently completed his medical degree from a Caribbean medical school. Our daughter Chanpreet is a family physician, a McGill medical graduate. She is married to Dr. Lovneet Hayer, a Psychiatrist and they have a seven month old son Dilan.

FAQIR CHAND SHARMA

Roll No: 1019 (ELECTRICAL)

Mobile: +91 99141-28898

E mail: fc.sharma@yahoo.com

Address: # 1723, Urban Estate, Phase I, Dugri, Punjab.

Date of Birth: 23rd June, 1944

After my graduation, I joined Meera & Company Ludhiana (Kirloskar Distributors) as their Sales Engineer and worked until November, 1969.

I joined PSEB in November 1969 as an Asstt. Engineer (SDO) and worked in various fields such as construction, 'op', Inspection Agency, Asstt. Power Controller, Senior Sub-station Engineer, Rural Electrification and System Operation and Load Management.

Promoted as Sr. XEN in 1986. Got 3 month training at UK (England) in System Operation in 1987 and was installed as Power Controller PSEB at Patiala from 1989 to 1996. It was a very challenging job. After that I worked in Planning Department, Purchase Office and in Thermal Design at Patiala. I designed and installed 4x210 MW Turbo- Generators of World Level Design at Lehra Mohabat Thermal Plant.

I was promoted as Superintending Engineer in the year 2000 and worked as Deputy Chief Engineer (HQ) with Chief Engineer (Central Zone) PSEB Ludhiana and retired in June 2002.

Taught two subjects : Power System and Theory of Machines, for sometime at Bhutta College of Engg. & Technology District Ludhiana.

Joined Lovely Professional University Phagwara and worked there as an Asstt. Director / Electrical for about 7 years up to February 2016.

Then it was over and now I am leading a retired life.

I married Smt. Urmila Sharma M.A. B.Ed, a house wife. We have two sons. Both are Engineers. Elder one is Gaurav Punj. He is presently working with a MNC at Ludhiana, whereas the younger one Dhiraj Punj is presently working with T.C.S India in Germany. He is married to a qualified fashion designer. He has two sons, aged five plus and two plus.

HARKIRAT KAUR

Address: #465, Khaasa Patti, Near Jodhan, Ludhiana - 141202.

I passed B.Sc. Engg: in ELECTRICAL with HONOURS in July 1968. I was taken as a Lecturer on September 11, 1968 at the age less than 21 years, and superannuated as Professor (Electrical Engg.) on 31st December 2007. Being the senior most faculty, I officiated as Principal of my alma mater from October 01, 2006 to December 31, 2007.

The connection with GNE at present is two-fold:

President of GENCO Alumni Association w.e.f 27th August 2013 till today.

Adjunct Faculty professor Elect. Engg. for two years

In addition, I am serving on a contract with Sri Guru Granth Sahib World University Fatehgarh sahib since 15 June 2015 as Professor in Electronics and Communication Engg. All this seems to be the fruit of my academic pursuit which culminated in Ph. D. (Electrical and Computer Engg.) from McMaster University Canada (1986).

Recently I have obtained the permanent resident status in Canada.

I am enjoying good health and settled in village Ballowal near Jodhan in Ludhiana district.

HARISH KUMAR CHOUDHRY

Roll No: 1024 (ELECTRICAL)

Tel No: +1 509-735-2155

Mobile No: +1 509-430-7655

E Mail: hkchoudhry@charter.net

Address: 8949 West Canyon Place, Kennewick, WA 9936

After completing my studies at GENCO, Ludhiana in 1968, I worked in Delhi for about a year at KG Khosla and then I came to the US in May, 1971 on an immigration visa. I worked in Chicago as a design engineer and then moved to Kansas in 1976 to work as a senior engineer in a consulting firm. In Kansas while working full time, I completed my Master's Degree in Electrical Engineering on a part time basis. I got my Professional Engineers License in 1984.

From Kansas I moved around to Texas, California, and to Washington state working as a consulting engineer for various Private Companies and Department of Energy (DOE). I finally retired in 2015 after working as an Electrical/Control Systems Engineer in various parts of USA.

I married Lorraine in 1972. We were blessed with a son Vineet, in 1974. In 2003, my son Vineet married Jo Lanee who was studying with him in a Medical College at Texas. After completing their MD and residency, they are now practicing in Austin, Texas for the last 9 years. My son is a General Surgeon and my daughter in law is Obstetrics/Gynecologist (OBGYN). We are blessed with a grand-daughter Kalyn, 8.

HARJINDER SINGH ROOPRA

Roll No: 1025 ELECTRICAL)

Mobile No: +254 733 625085

Email: hsinghroopra@yahoo.com

Address: P. O. Box 22871- 00400 Nairobi Kenya

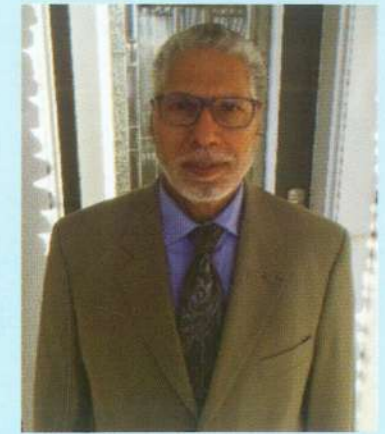

I was born in Jalandhar in January 1947. After graduating from GNEC in 1968, I joined Delton Cable Industries - Faridabad in 1969 as a trainee engineer. I migrated to Nairobi, Kenya in May 1971 to join my family. There I joined the city council of Nairobi in late 1971 as an assistant electrical engineer, working largely on the councils building services design projects. Later I joined an international firm of consulting engineers as a senior electrical engineer up to 1985. Gordon Melvin and Partners had associated offices in the UK, Tanzania, Malawi, Uganda, Seychelles and Mauritius. I had the remarkable opportunity to undertake building services designs of high-rise offices, hotels, hospitals and university buildings in these countries. I then joined a leading local firm of engineers and contractors, M. J. Vekaria Electric Ltd as a technical director in 1986 and still continue to manage largely 'design and build' projects.

I got married to Jaswinder Kaur in 1973, a science graduate from Panjab University. She started as a Biology teacher and later managed the school as a Head teacher until 1995.

We are blessed with four daughters.

Our eldest daughter works at the Nishkam School in Wolverhampton, UK and is married to a lawyer, who is head of the law department at Wolverhampton University. Our second daughter is a Neuroradiographer, married to a pharmacist based in Birmingham. Our third daughter is an oncology pharmacist married to a software engineer. They are based in Solihull. Our youngest daughter is a dental surgeon and Implantologist. She and her husband, a Paediatrician, plan to move to Calgary for further studies. We are blessed with three wonderful grandsons and two lovely granddaughters.

I plan to retire soon and Jaswinder and I will then join our daughters in the UK.

Address: # 1060, Phase - 2, Urban Estate, Patiala - 147002

Date of birth: 2nd January, 1944

Date of Marriage: 21st November, 1971

I joined PSEB in 1969 and retired as Addl. S.E. in 2002. The five year Plan document of PSEB prepared by me in 4 volumes was adjudged best of the country by Central Electricity Authority and I was awarded a letter of appreciation by PSEB. Brought Central Workshop Patiala into profit for the first time by exceeding production targets of 11 major items out of 14 items manufactured there by creating cordial atmosphere in notorious workshop full of union leaders.

After retirement I served as President of Welfare Association (10M) for 3 years. served as General Secretary for 4 years and President for 5 years of Gurdwara Singh Sabha, in Urban Estate Phase-2 Patiala & still serving Gurdwara Sahib. While serving in Gurdwara Sahib there was great transformation in my life when I became Amritdhari Sikh in 2007.

I married Sukhpal Kaur Brar on 21st November, 1971 and am blessed with two sons. Elder son Anmol did his B.Tech (1996) and Masters (2006) from UK. In between he served in India and is now Sr. Vice President of Galaxy Toyota chain of car dealerships in Delhi. He married Dr. Navjot Sandhu in 1999 and has two sons Ishan (18) and Arman (15). Younger son Dilbag is married to Ramandeep Sohi and has one son, Harnoor (13). He shifted to Australia along with his wife and son in 2007.

After passing out from GNDEC, Ludhiana, I joined Bhartia Cutler Hammer Ltd in 1974 as a sales Engineer & subsequently elevated up to the rank of Area sales Manager (NORTH) during span of 28 years with the company. Resigned in 2002 & started own business in Industrial Automation in the name of MONIKA ENGINEERS in Ludhiana along with my son Vikas. Monika Engineers is a leading name in Ludhiana in the area of Industrial Automation preferably in building Customized Panels as per specific requirement of customer & having dealership of leading multinational brands like OMRON-DELTA-FUJI-P&F-BCH ETC.

I married Shiela in 1973. We are blessed with one son Vikas & one daughter Monika. With the grace of Almighty, Vikas is well settled in his business & blessed with two sons. My daughter Monika is a Chemical Engineer & married to a well placed corporate professional. She is also blessed with one son & one daughter. With God's grace all are well placed & leading healthy & happy lives.

JASBIR S. SIAN

Roll No: 1052 (Electrical)

Tel No: 1-630-93-0531

Mobile No: +1-630-639-1056

Address: 507 Burke Drive, Carol Stream, IL 60188 (USA)

Date of Birth: 16th September 1945

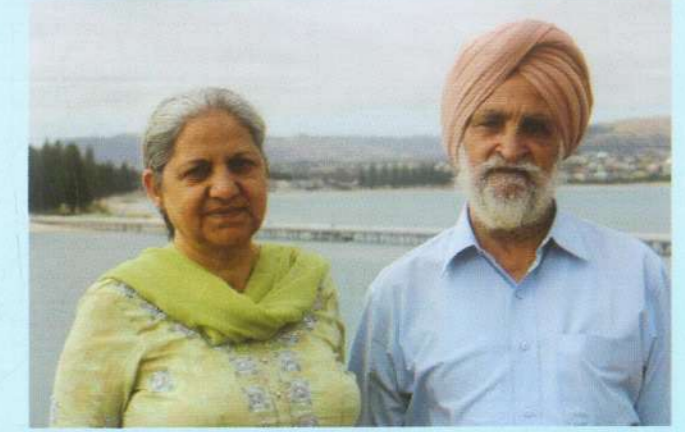

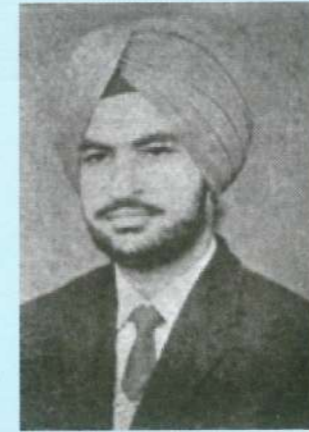

E Mail: jsian63230@aol.com

Date of Marriage: 29th January 1979

After Graduating from GNDEC, Ludhiana, I worked as an electrical engineer for 3-4 years in the small scale industries in the states of Punjab and Haryana. Fortunately in 1973 I received the visa to USA as a professional electrical engineer. For 2-3 years I worked in the major US manufacturing companies and during that period I took some graduate courses at IIT Chicago, so that I could enter my engineering field. In 1977 I changed my field and received the offer from Sargent Lundy Engineering Consulting Company, as a nuclear electrical design engineer. I worked on various different assignments with that company for about 27 years as a Senior Electrical Design Engineer. Later on I joined another consulting company, Delta Engineering, Inc, which deals with electrical power distribution for industrial plants, high rise and institutional buildings. There I worked as a senior electrical engineer (head of engineering department) for about 10 years. At the age of 66 years I took my retirement. Now I am settled down with my family at the above address.

I married Hardev Kaur in 1979 and was blessed with two sons. My elder son, Sundeep graduated with a Doctor of Podiatric Medicine (DPM) and MS in biology, and is in the healthcare field. He married and his wife is an MBA. They are thinking to expand their family very soon.

My younger son Bikramjit, graduated with a BSc in Finance and is working as a senior financial analyst (DeVry University Chicago). He is unmarried.

KASHMIR SINGH NIJJER

Roll No: 1053 (ELECTRICAL)

Mobile No: +91 96393 43429, +91 59472 74999 Address: Village Bhoewali, District Amritsar.

After graduating in June 1968 from G.N.Engineering College, Ludhiana, stayed for about a year in Punjab. After that I went to Germany, where I worked for two years. Later I went to Canada, where I got permanent immigration.

I returned to India in May 1973 for my marriage to Pritam Kaur from Kolkata in June 73. I decided not to go back to Canada. I am now settled in Kashipur in district Udham Singh Nagar of Uttrakhand, where I own Agricultural land, and ever since been busy with Agricultural activities. I had attempted to establish a craft paper making factory in Punjab but that did not materialize due to partnership woes.

We have four daughters and a son. All the children completed their secondary education in Kashipur.

1. Anita Kaur. Born in March, 1975. She secured her M.A in English from Punjab University Chandigarh. At present she is settled in Barrie near Toronto and is self employed. Got married in 2007 and has two children.
2. Manpreet Kaur. Born in May, 1976. She did her M.A in Economics from Punjab University, Chandigarh. She got married in 2002 and now has two children. She migrated to Australia in 2005 where she is residing in Adelaide and works with a Pharma company.
3. Amandeep Kaur. Born in March, 1978. She did her Masters of Financial Control from Chandigarh. She got married in 2005. Now settled in Chandigarh with her businessman husband and they have two children.
4. Parminder Kaur. Born in March, 1983. She did her Masters in Psychology from Punjab University, Chandigarh. She is married and settled in Ludhiana and has a daughter. She works as a lecturer at Government Girls College, Ludhiana.
5. Gurpreet Singh. Born in December, 1987. In 2007, he went to USA for his commercial pilot training and is now Delhi based working with Vistara airlines as a Captain. He got married in 2015 and has a daughter.

KIRPAL SINGH BHOGAL (B. Sc. E. E., M.Sc. E.E. USA)

Roll No: 1055 (ELECTRICAL)

Cell No: +1 817 729 8505

E Mail: bhogalpaul@yahoo.com

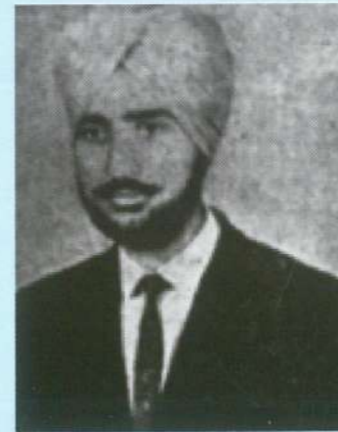

Address: 137 Willow Ridge Road, Fort Worth, TX76103, USA.

Date of Marriage : 28th March, 1970

After graduating from Guru Nanak Dev Engineering College in 1968, I shortly worked in my family business. There, I designed and developed Digesters Manufacturing Plant for the Eastern Paper Mill in Calcutta. These digesters purified ilmenite ore (FeTiO₃) for Dharangdhara Chemical Works in Tamil Nadu.

In 1971, I migrated to the United States where I started off working on heavy electrical controls for overhead cranes and locomotives in Chicago. In 1974, I entered into the then brand new field of electronics by finishing my Master of Science in Electronics Engineering from the Illinois Institute of Technology. My first job after graduating was the enormous experience to work on the first CAT scanner. Throughout my subsequent career, I had the pleasure to work for numerous companies in various industries, spending most of my time in new product development. Examples of my work include developing the embedded controller for application of labels, mail sorting machine and designing the electronics powering high temperature oil exploration equipment. Towards the tail end of my career, I worked on the electronics for the F-35 fighter jet plane and commercial Boeing 787 plane. Having spent over 40 exciting years in the electronics engineering field, I am now retired and live in Fort Worth, Texas.

I married Manjit Kaur in 1970. We have a son and daughter who are both married with children and well established in their own careers. I now enjoy spending time with my four grandchildren. I wholeheartedly feel that God has helped me throughout my life and career and I now enjoy being able to express my appreciation for his divine grace by doing community work and helping with the construction efforts of our new local Gurduwara Sahib.

After passing out from GNDEC, Ludhiana, I joined Haryana State Electricity Board (HSEB) as an Assistant Engineer and worked for 35 years. I retired as Director, DHBVN in July 2006. During the service with Haryana Power utility, for 4 years, I was on deputation from GOI and had a foreign assignment from 1977 to 1981 with Ministry of Defense, Nigeria. After retirement, I joined Rohtak University and completed my Law Degree in 2008. Thereafter, I served for 8 years, in various engagements for an automobile company, electrical EPC firm and with Ernest and young (E&Y Consultants) as power advisor. I finally retired in 2014 and have taken up farming as a hobby.

I married Sushma in 1971. We have two children. The eldest one, Sumit is a Computer Engineer and is working as Vice President with Sapient, an MNC from USA. He has been working with this company for the last 20 years. He has two daughters. My son is settled in Gurgaon and we live together here.

My daughter Shweta is a Computer Engineer and MBA from New York. She is married to an Engineer / MBA and settled in Philadelphia, USA. They have one son and one daughter. Both my children are very happily settled in life.

LATE PARMJIT SINGH GILL

Roll No: 1064 (ELECTRICAL)

Address: House No. 95, Sector 11-A, Chandigarh, 160011

Date of Birth: 1st April, 1945

Date of Marriage: 26th September, 1971

During his college time he was selected in the Army (Signals) and joined on 15th June 1967. He worked in SIGNALS and was posted to Tata Institute of Fundamental Research (TIFR) where he worked for 7 years. Then he became the first commanding officer of Aren Signal Regiment formed by union of two units in Bathinda.

He took premature retirement as Brigadier from the Army in 1997 and left for Nigeria, where he worked as Director Communication in the company known as Multi-links. He was in Nigeria for 10 years.

He was married to PARMJIT KAUR GILL on 26/9/1971. They had two sons. The elder one, serving in the Indian Armed Forces, has one son and a daughter. The younger son is currently settled in Singapore as General Manager of a Far East Company and has one son.

We lost PARMJIT SINGH GILL on 3rd MAY 2007.

RAJBAHADUR SINGH MINHAS

Roll No: 1066 (Electrical)

Telephone: +1 (780) 539-6985

Email: rajminhas@hotmail.com

Address: 11329 - 94 A Street, Grande Prairie, AB T8V 6T6 Canada

Date of birth: 29th March 1947

Date of marriage: 31st January 1982

After graduation, I immigrated to Canada in August 1969. I was employed in a plywood factory in Edmonton, Alberta for four years. Later, I moved to Toronto, Ontario, where I became an entrepreneur and opened my own music and record shops in Sarnia and Goderich.

After getting married to Puneet in January 1982, we relocated back to Edmonton and had two children, a daughter and a son. In 1987, there was a business opportunity in Grande Prairie, Alberta and we settled there. I expanded my company to owning and operating five convenience stores with gas stations.

After retirement in 2012, I have enjoyed increasing my knowledge of North American sports. Both our children are married and we have 3 grandchildren, 2 girls and a boy. With God's grace we will have more grandchildren.

RAJINDER SINGH KHOKHAR

Roll No: 1067 (ELECTRICAL)

Tel No: 01612402143

Mobile No: +91 9814902500

Email: khokhar_rs2000@yahoo.com

Address: 84 Gurdev Nagar, backside Ranjit Tower, Pakhowal Road Ludhiana- 141001

Date of Birth: 13th March, 1946

Date of Marriage: 24th February, 1973

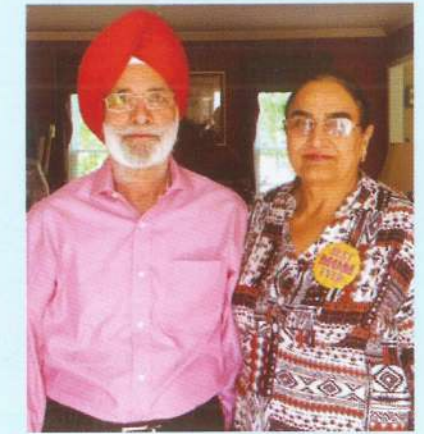

After passing out from GNDEC, I joined P.S.E.B., now known as Punjab State Corporation LTD., on 17-11-1969 as assistant engineer electrical and after putting a service of 35 years at various ranks and posts finally retired as CHIEF ENGINEER on 31-3-2004

The various field of service where I worked are as under:

Operation and distribution of power, Construction, Grid maintenance and grid construction of power substations up to 220 KV Power sub stations, Thermal organisation, Store management, Inspection of materials etc.

During service I played a great role in the move for cent percent electrification of Punjab State. After retirement, in the year of 2006, I was selected member of Permanent Lok Adalat LUDHIANA, a forum like Consumer Disputes Redressal Forum and served there for 5 years.

My wife Parkash Kaur Khokhar is Graduate and house wife. I have one son and one daughter. My son Kamadeep Khokhar is a graduate and running three steel manufacturing units i.e. induction furnace, steel rolling mill and pipe plant at Mandi Gobindgarh. My daughter Sukhpreet Sidhu is a dentist and is well settled in Canada with her spouse Anmol Sidhu who is realtor and doing fine

RAGHBIR SINGH SHOKAR

Roll No. 1068 (ELECTRICAL)

Tel No: +1 804 3647216

Mobile No: +91 8427951054

Address: 14/60 Garden Colony, Jalandhar City - 3 (INDIA)

Date of Birth: 26th January, 1945

Date of Marriage: 21st February, 1971

After passing out from GNDEC, Ludhiana, I joined Punjab State Electricity Board as apprentice engineer in 1969 and retired in 2003 after working in various capacities.

I married Harbans in 1971. We have three children and six grandchildren.

LATE RAJINDER SINGH RANDHAWA

Roll No: 1073 (ELECTRICAL)

Mobile No: +91 98765 07760

Address: # 870, Sector 60 (Ph 3B-2) Mohali.

Date of Birth: 1st March, 1946

Date of Marriage: 27th January, 1973

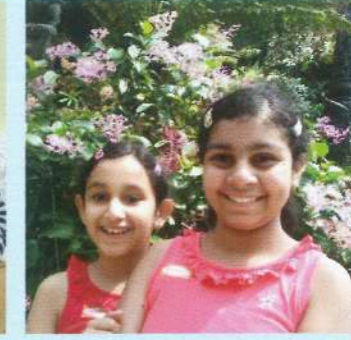

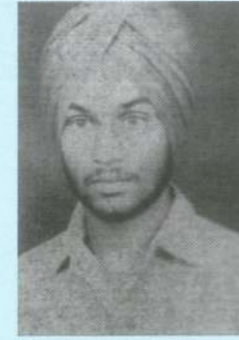

RAJINDER SINGH RANDHAWA joined GNEC in 1964, in Electrical. He was very intelligent, witty and well known for cutting jokes. At the same time he was honest and sincere to all and kept his word. He was helpful to others; a real human being. He had no enmity with anyone. Tragedy struck when merry making on 1st April, 1967, he injured his one eye and lost its vision. He completed his degree in 1968.

He could not get a Government job due to problems with his vision. While he was with his brother, a Mechanical engineer in Rourkela Steel Plant, he started taking up small contract jobs in the Steel Plant of Mechanical/Electrical nature. Due to his honest dealings, straightforwardness and timely completion of works, he established himself well and got his Company registered as "Rana Engineers and Fabricators".

In December, 2013, he was diagnosed with throat cancer. He was treated in PGI, Chandigarh but he lost the fight and breathed his last on 14.11.2014.

He is survived by his wife Ms Surinder Kaur and daughter Manmeet. They live at the above address. Rajinder belonged to Qadian, Dist. Gurdaspur.

By Ravinder Sohal

RAVINDER SINGH SOHAL

Roll No: 1074

Tel. No.: 0172-2216293 Mobile: +91-9417157550

Email: ravindersohal47@gmail.com and ravinder.sohal@yahoo.co.in

Address: # 1093, Sector 69, Mohali - 160062

Date of Birth: 9th July, 1947

Date of Marriage: 8th October, 1972.

I joined PSEB (Punjab State Electricity Board) as Asst: Engineer in 1969. I worked at Bathinda Thermal Plant and Ropar Super Thermal Plant, in erection, T&C, Op & Mtc, in various capacities. My main field was Control and protection of Generators, Transformers, EHV Trans. lines, S/G, Motors etc. up to as SE. I was amongst the specialists in this field in PSEB. I was nominated by PSEB as Expert representative on CIGRE (International Council) National Study Committee on "Power System Protection and Automation". I was Head of Ropar Plant for about 2 yrs. I implemented R&M schemes resulting in higher Efficiency and Generation of Plant. I was honoured by Chief Minister, Punjab on Republic Day for high generation. I tried best to make transparent the working of all at the Plant. I retired as Engineer-in-Chief in 2005.

I was influenced by the movement against injustice and growing gap between haves and have nots. I contributed towards it, may be small. In late 70s I was state executive member of Association for Democratic Rights. The Association fought against atrocities and violation of democratic rights of various sections of society by The State through its agencies and the Police. I was known to be leftist in PSEB throughout my carrier. I was active in PSEB Engineers Association at Sr. Vice President level.

I and Iqbal Kaur married in 1972. Iqbal was Headmistress PSEB high School for a decade with commendable service and complete transparency. She had been fully supportive of my political involvement.

Our son Sumeet is ME Mechanical and Wing Commander in Air Force. He is married to a Veterinary Doctor. They have two sons. Daughter Navneet is M.Sc. Botany, married to a Wing Commander in Air Force. They have two daughters.

SUMER SINGH PANNU

Roll No: 1077 (ELECTRICAL)

Tel No: +91 129-229 0999

Mobile No: +91 9810691290

Address: H. No. 25, Sector-14, Faridabad (Haryana) - 121 007

Date of Birth: 20th May, 1946

E-Mail: sumerpannu@yahoo.com

Date of Marriage: 19th June, 1971

After graduating in Electrical Engineering from GNDEC, Ludhiana, I joined Haryana State Electricity Board (HSEB) in February 1969. I worked in Generation (20 years) and Distribution (16 years) in successive ranks & capacities from Assistant Engineer to Engineer-in-Chief. Later as Director (Distribution) on the Board of Directors of Dakshin Haryana Bijleevitran Nigam Limited (DHBVNL) (DISCOM created after reconstitution of Haryana Power Sector), I was responsible for P&D of Power Distribution System in South Haryana. I retired from DHBVNL in 2004. I worked as Principal Consultant (Power) from 2008 to 2014 with URS Scott Wilson India (Multi-National Design & Management Consultant Company).

Bimla and I married in 1971. She worked in Haryana Higher Education Department and retired as Associate-Professor & HOD (Political Science) in December 2004. We have two daughters. My elder daughter, Shalini, works with Cathay Pacific Airways. She lives in Hong Kong with her husband Anupam (works in HSBC) and their son Neil. My younger daughter, Geetika, works with Citibank and lives in Singapore with her husband Milan (works with Olam International).

I enjoy living in Faridabad with my wife and my circle of friends. I try to lead an active and healthy lifestyle. On a regular basis, I do yoga and go for my morning and evening walks. I like following Indian equity markets, political discussions and traveling.

S. JASINDER SINGH

Roll No: 1117 (ELECTRICAL)

Mob: +91 9465912330

Address: 9 Raghbir Nagar, Patiala. 147001

Date of Birth: 23rd March, 1947

Email: ssdevgan1@gmail.com

Date Of Marriage: 20th Jan, 1975

After Graduating, I started my professional carrier in SYL project at Hissar (Haryana Irrigation Branch) and then BSL project at Sunder Nagar (H.P).

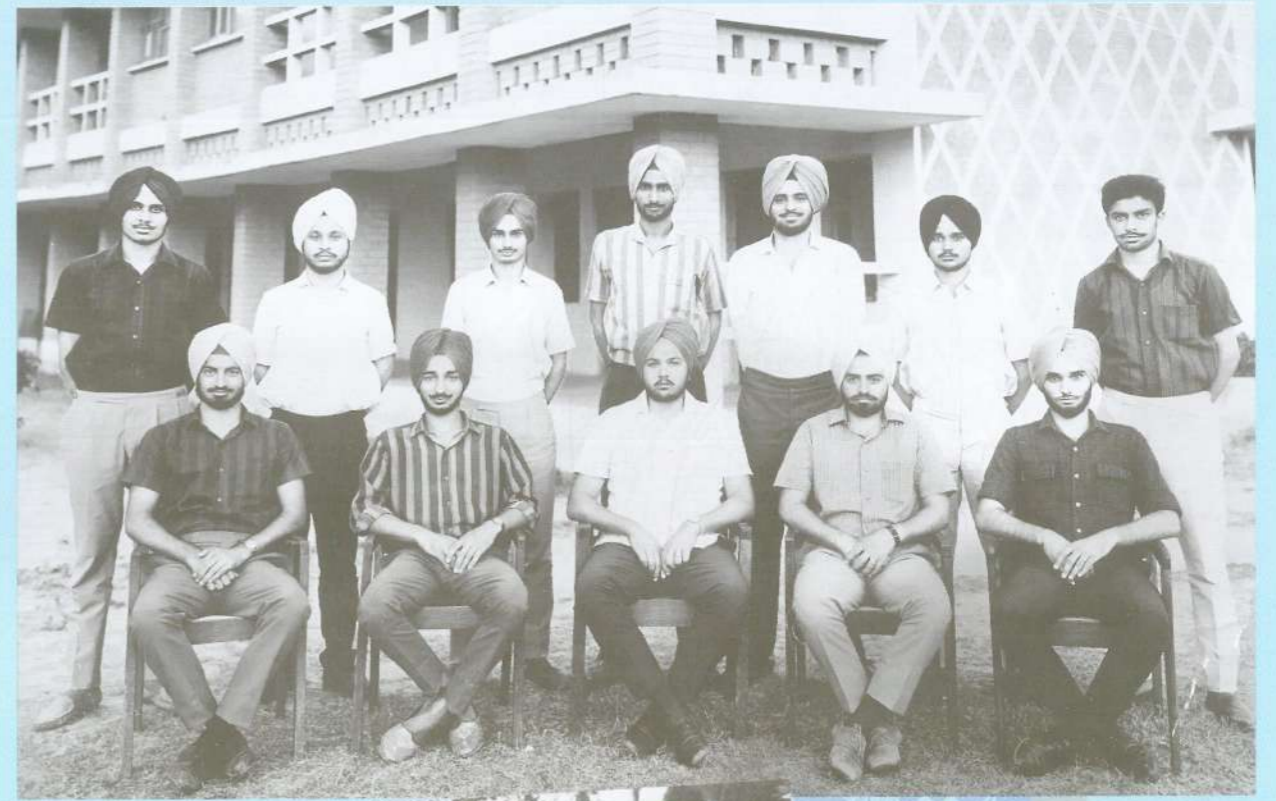

In 1974, I joined PSEB at Guru Nanak Dev Thermal Plant, Bathinda. Worked in Punjab State Electricity Board at Various location and Posts during my professional journey and finally retired as Sr. Executive Engg: in 2005 from Patiala.

On my personal front, I married Ravinder Kaur in January 1975. She worked as Science teacher in Govt. School and retired as Head Mistress from Govt. High School. We are blessed with three children one son and two daughters. All are married. The eldest, our son, is an Engineer by profession, working in a German M.N.C as Technical head of Zone North. Daughters are married and are living with their families in Gurugram and Patiala.

We, along with our son and daughter in law and three grandchildren, are living together in Patiala now.
