CIVIL ENGINEERS

Message

**PROF. D.S. SAINI
HEAD OF DEPARTMENT (CIVIL)**

I am extremely happy to convey my best wishes to our outgoing students, through the medium of this souvenir.

The Souvenir will serve to 'save from the oblivion's curse the recollections of the days gone by, in the form of companionships (Cherished or otherwise alike), the adventures (or misadventures) in the class rooms, the play fields, the hostels, the recreational and refreshment centres etc. In the days to come, the memories enshrined in the pages of this volume will provide a soothing balm (as the daffodils did to Wordsworth) to the minds troubled and tormented by the responsibilities of life, engulfed in the scams and scandals of the socio-political fabric of our society.

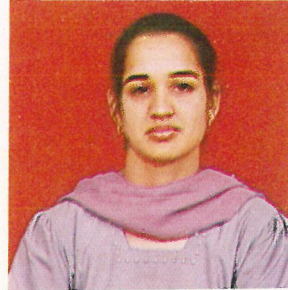

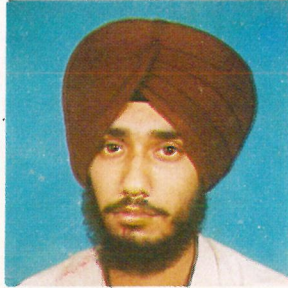

I am confident that our outgoing students, like their predecessors, will bring a good name to their Alma-Mater.

MECHANICAL ENGINEERS

Message

**DR. RUPINDER SINGH
PROF. & HEAD-MECHANICAL & PRODUCTION ENGINEERING DEPARTMENT**

It gives me immense pleasure to convey this message on the publication of a Souvenir for the 1996- batch of young and budding outgoing graduate engineers from this great Institution. Wishing them a happy and prosperous career, I cherish that they grow into mature and responsible personalities much superior to their elder generation, and contribute to virtue of talent acquired by them to the overall prosperity of their families, to their community and well being of the nation and world at large. It should be understood that education is a tool to have better understanding of the problems that they are likely to face, so that they can make correct appreciation and evaluation of those problems with the intent betterment of society.

Though jobs may be their immediate worry but ultimate satisfaction and fulfilment will depend on what they make out of it when they get it. Therefore, I wish them to assess the future potentiality of the job rather than the instant gains that it offers.

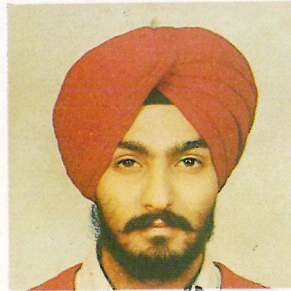

Rest assured, they will always make the Institution proud by their deeds & acts and their progress will be a matter of fulfilment for the Alma-mater Good Luck !!
